Student Body Faces Change

Welcome to our world. We have something new to offer you. That's right! A new way, a new direction. Just come on in and take the new turn. Heard that before? Well, read on and become a believer.

One way? That's right! as the students entered the halls on

August 25, they faced new changes. The designated locker areas had been moved with new classrooms replacing them. The orange lockers line the length of the halls brightening up the white walls.

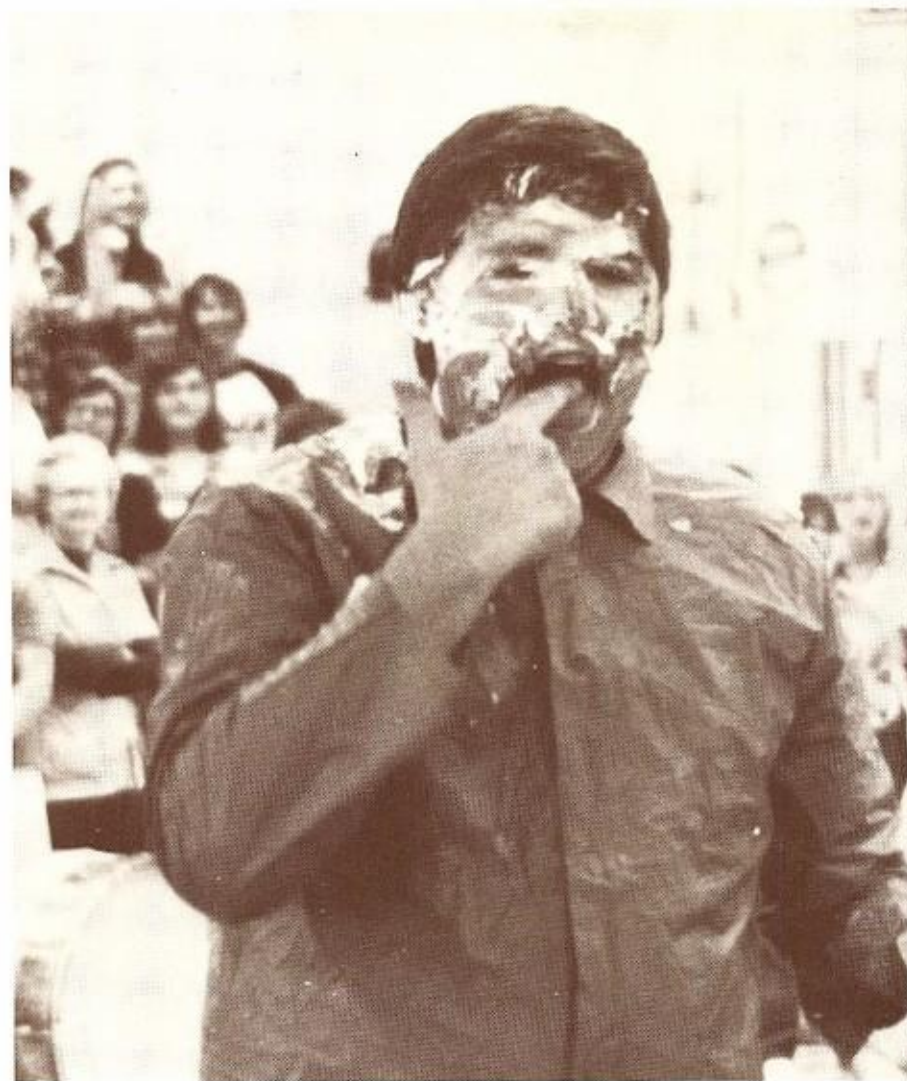

Because of this change the congestion in the halls presented problems for both teachers and students. To help curb tardies the halls became one way and the changing periods between classes were lengthened from five to seven minutes.

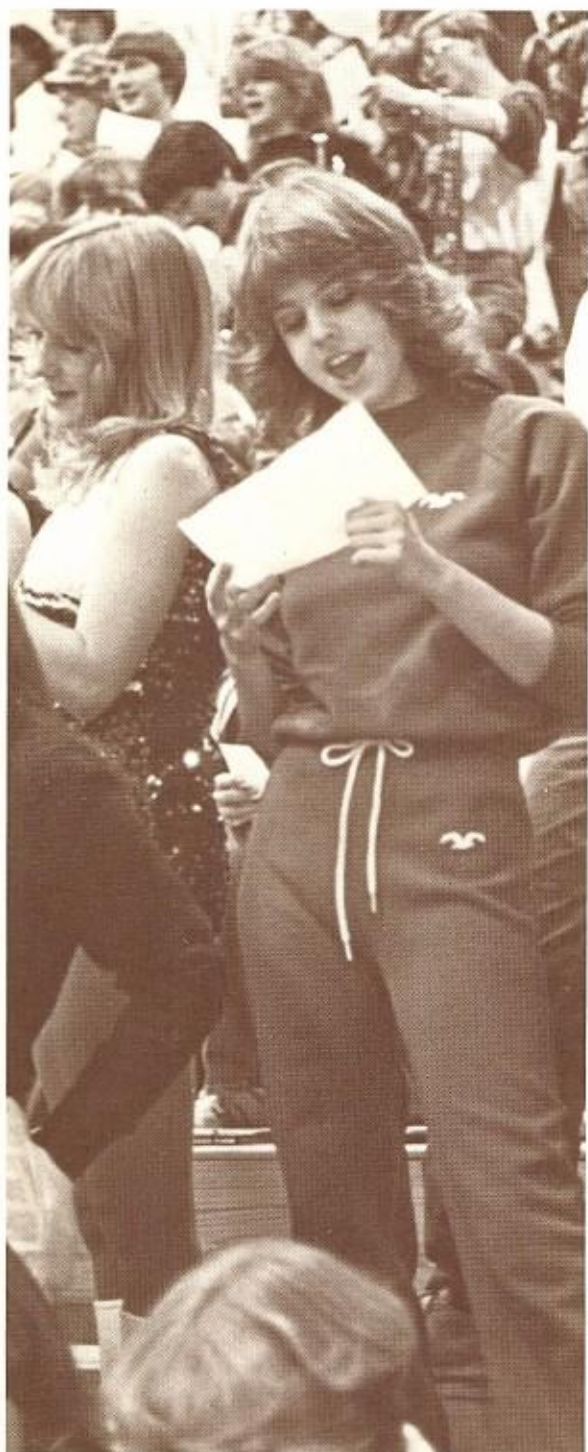

BIBLE Club discusses annual plans with sponsor Mrs. Ford.

Vice-Principal Loren Stephens enjoys a winning pie.

Kristi Young and Jay Evers give new spirit wagon a run.

Frank joins Susan in the singing of the PHS Battle Hymn.

SILVER CRUSH rushes to raid Rockwall Yellowjackets.

Kristi Jackson and Kerri King join in the spirit of Hat Day.

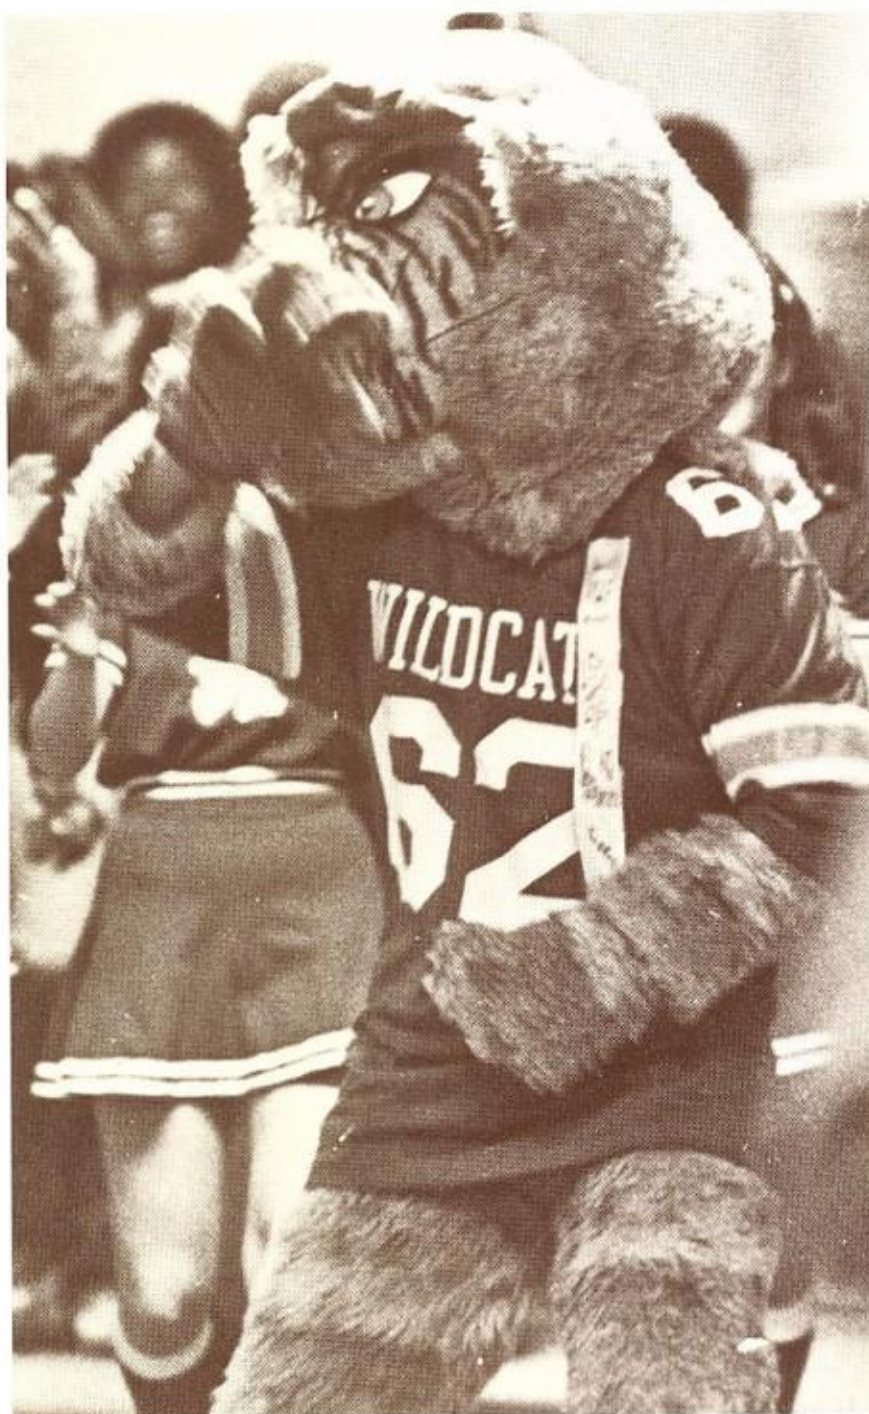

Change Becomes Routine

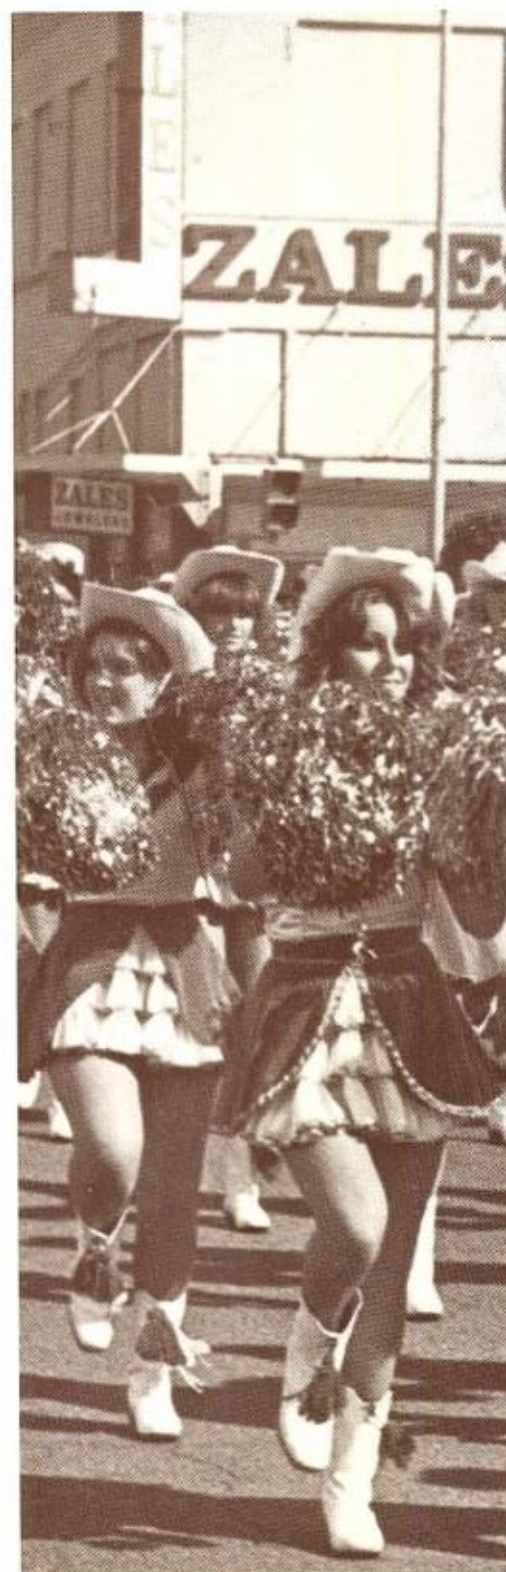

For many, the first days of school were hectic, with new rules, crowded halls, and the old standbys of finding classes and memorizing locker combinations. The corridor pass was to become the constant companion of anyone in the halls while classes were in session. The combined effort and cooperation between students and faculty helped new changes become accepted routine.

Jennifer Essary and other Blazettes enjoy decorating the bus.

Marian Bellamy and Kathy Houchin perform in Homecoming parade.

Head majorette Janet Sikes awaits signal to begin routine.

Kristi Young hopes for and gets a Wildcat victory.

Morning pep rallies allow more Seniors to participate.

From Quarters to Semesters

The change from quarters to semesters presented different views from both the students and the faculty. Opinions varied from liking the change to missing the more frequent quarter breaks. Because of this change the effectiveness of the exemption policy was questioned by students who felt more than three days were needed in an eighteen week period.

Senior Greg Smith boosts winning Wildcat spirit at Atlanta.

Crush Brings on Craze

Spirit invaded the school in more ways than one. Spurred on by the winning Silver Crush, the student body went through a blue and white craze. For some it was their first time to wear the school colors, while others wore them proudly for the last time. The pep rallies were better than ever with new themes and the increased participation of the student body.

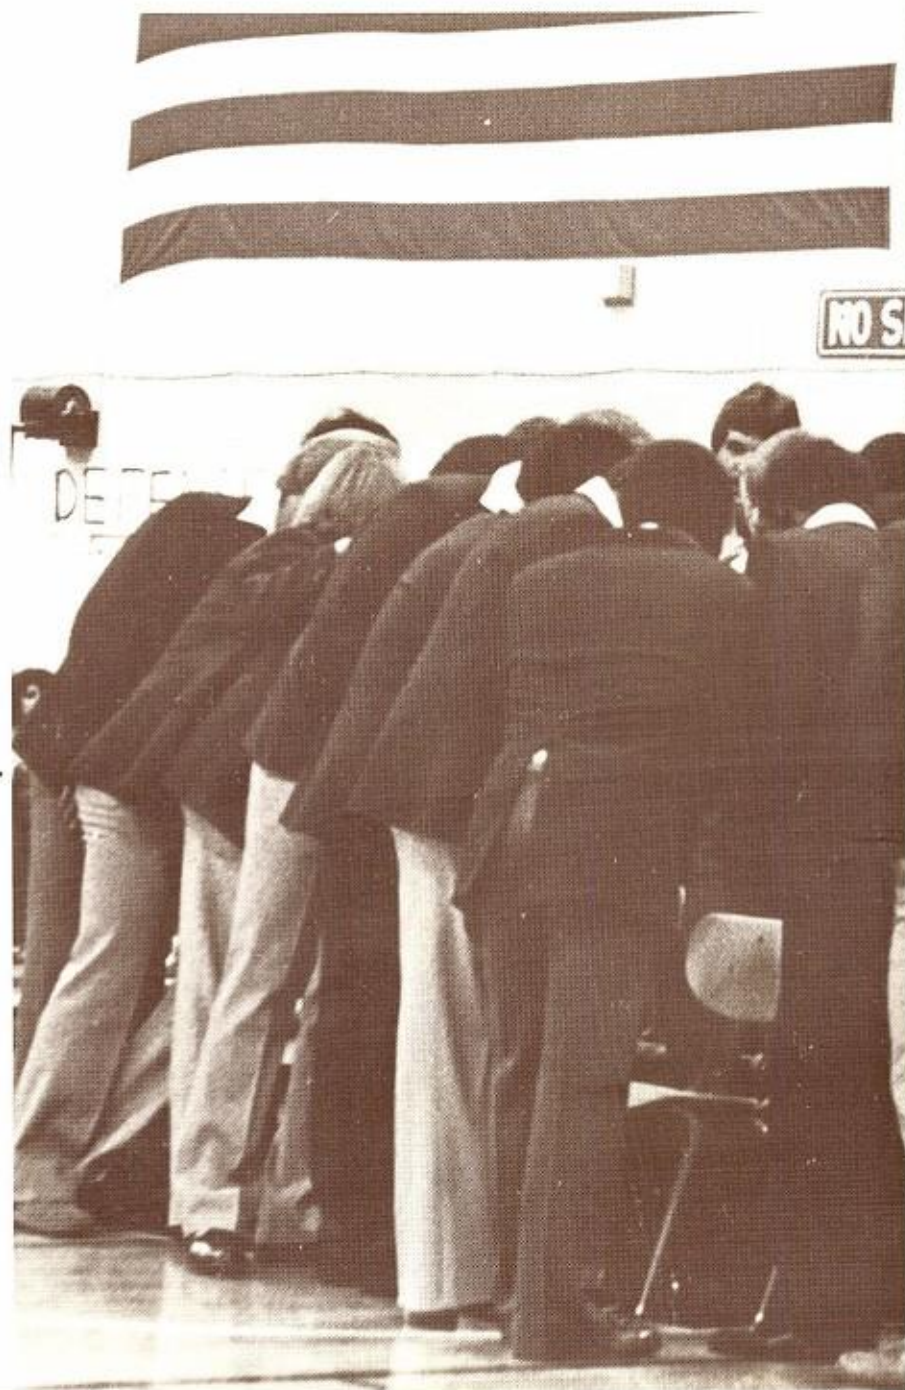

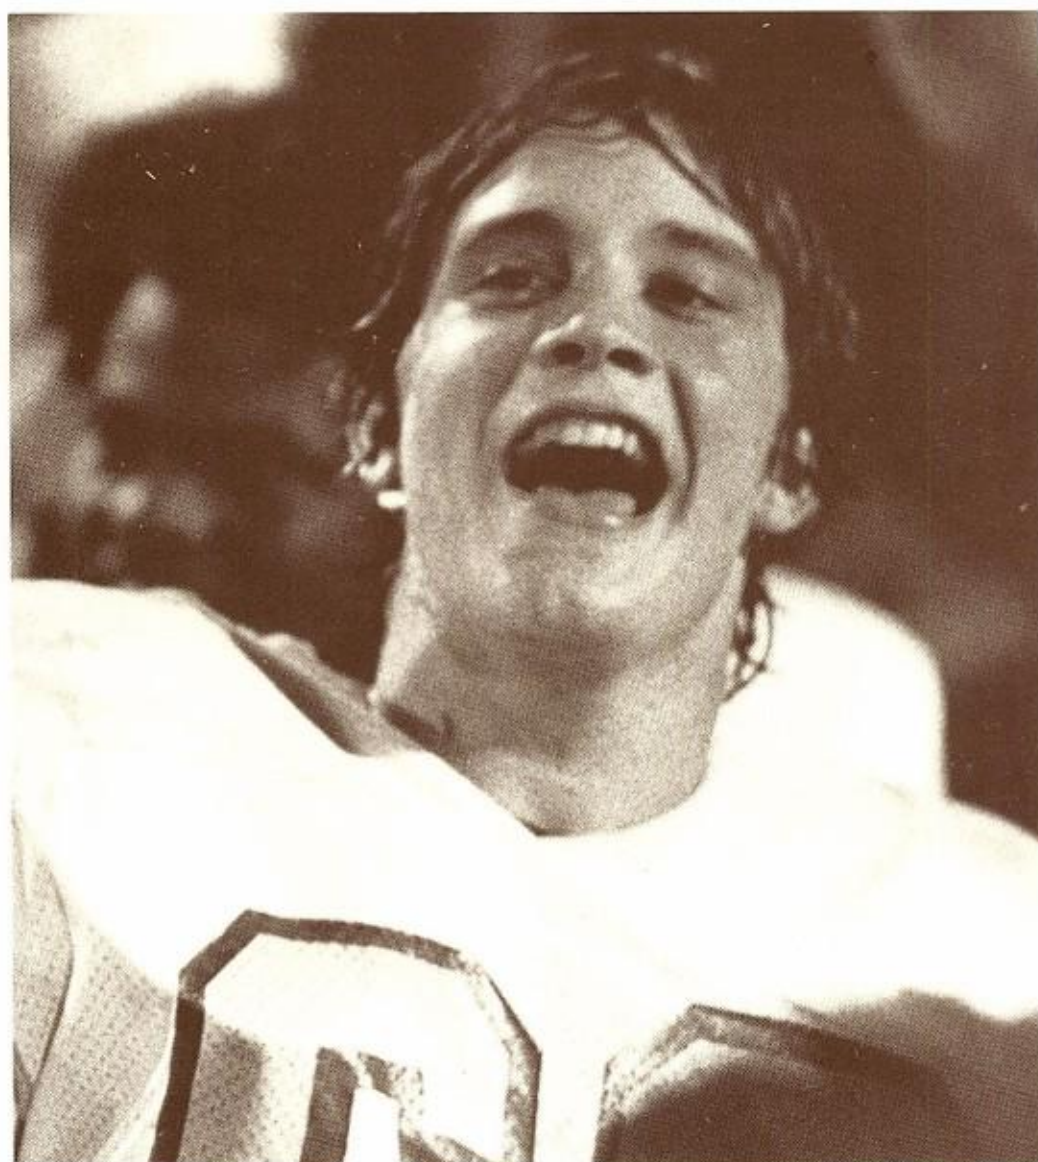

Another form of spirit was shown through increased attendance and club membership. Enthusiasm for life was demonstrated through student and faculty involvement. This enthusiasm began in the fall and only subsided after the graduation ceremonies.

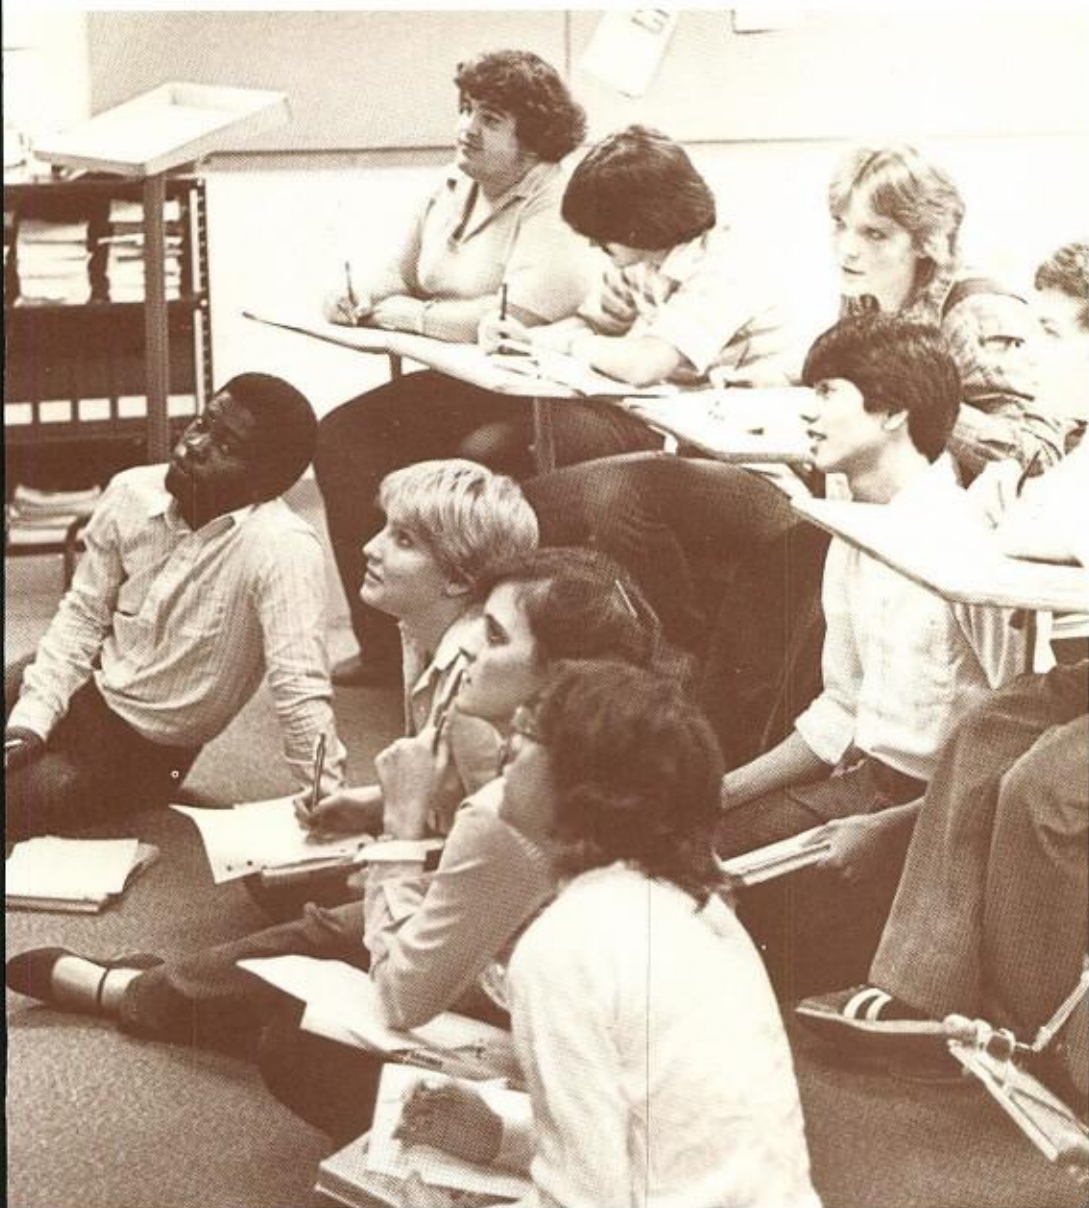

The Class of 1980 left an information center in the form of a glass encased bulletin board. Just outside of the main office the bulletin board serves anyone who glances its way.

Senior Portraits in November

The seniors of 1981 were excited in mid-November as they donned the traditional blue and white cap and gown for senior portraits.

Thirty students were nominated by the faculty and placed on a ballot for BEST ALL AROUND boy and girl from each class. The eight winners were announced at the intermission of the final performance of "Where the Lillies Bloom." They each received a plaque presented by Principal Jerry Stephens.

Pep rallies were always exciting for most students joined in the cheers.

Brenda Cannon and Mrs. Guthrie skate at language club Halloween party.

Joel McCray and Joe Cobb turn into gorgeous creatures.

New Additions Boost Morale

The Raymond Berry Sports Complex, better known as the new gym, was another addition to our school. The newly constructed gym is being used to house a new weight room, coaches' offices, and the boys' locker rooms. It was also being used as a practice gym for boy's and girl's athletics.

Other additions include the new spirit wagon donated by the Wildcat Booster Club.

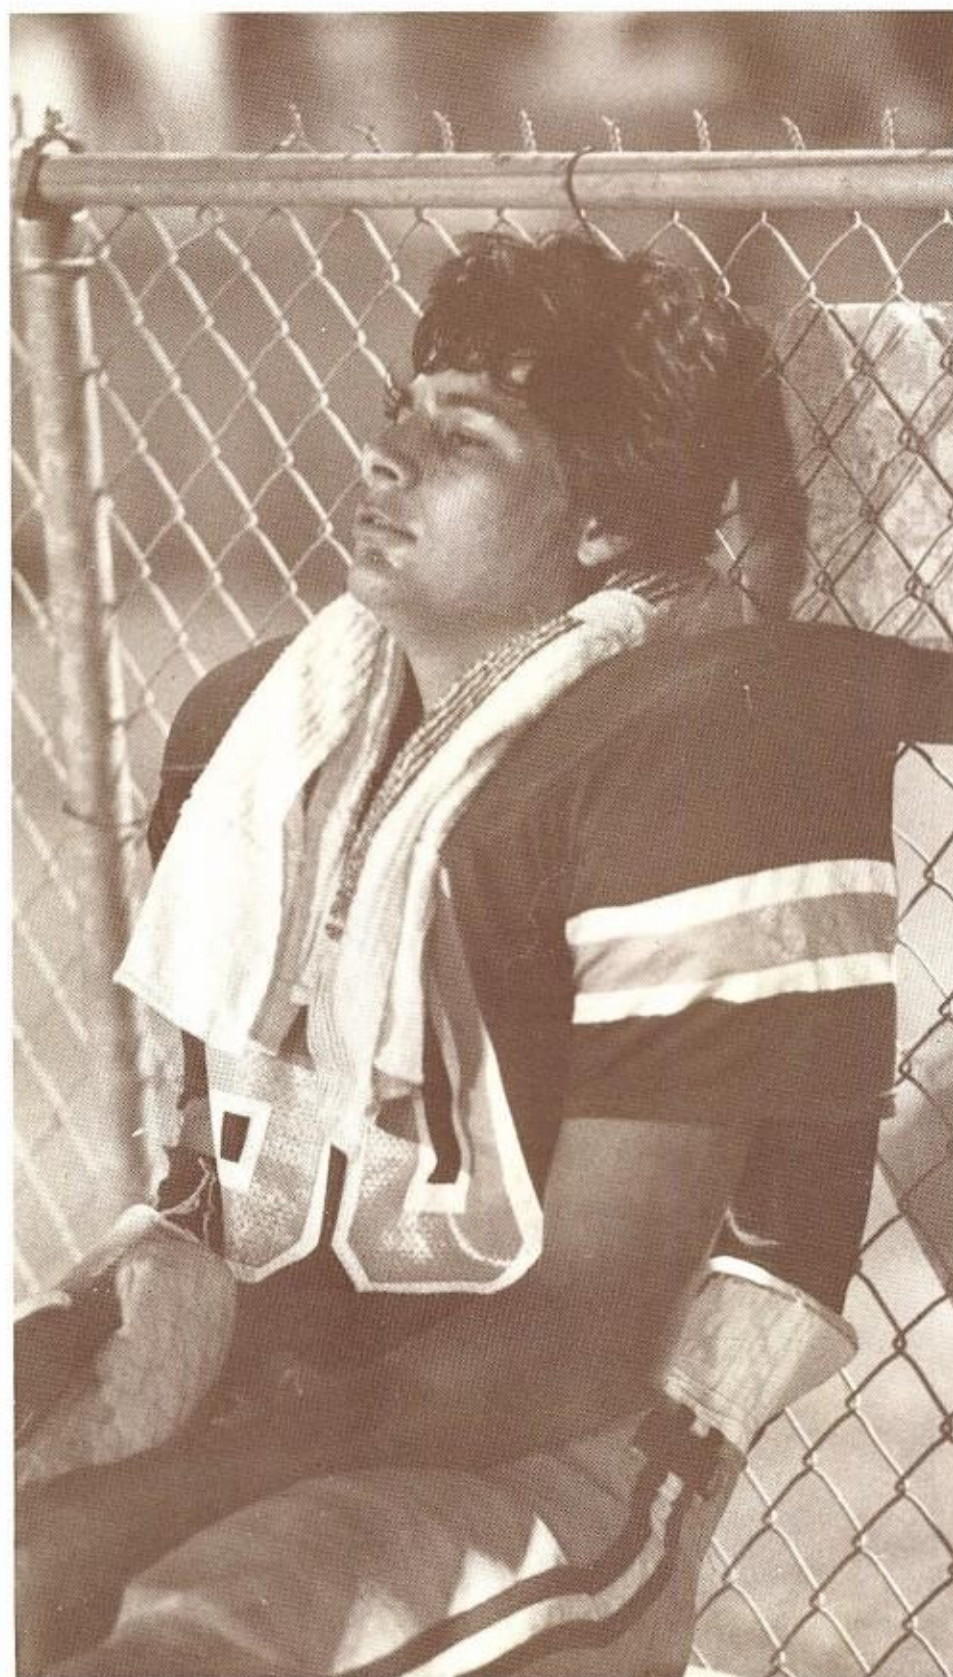

Blazettes try leftovers after the faculty coffee.

Changing Directions

As you turn each page you will be taking new turns into the changing directions our school follows this year. So go on! Take a chance! Turn the page and enter YOUR WORLD!

ACTIVITIES

Student life exploded into many facets of discovery. Most students found themselves searching for excitement and fun to fill out their everyday lives. The majority of students found a release by becoming involved in school activities. Pep rallies, football games, plays, and parades were just a few devices used to grab the student body and pull them into their world.

RALLIES PROMOTE SPIRIT

Enthusiasm abounded as the student body cheered the winning Silver Crush. Pep rallies sported new themes this year as the football season went on and on. Early morning pep rallies involving more Seniors were a big hit as students spurred the team toward another play-off game. Excitement rose as each week the Cats brought back another winning trophy.

Senior Class grouped together in spirit.

Miss Morgan receives a pie in the face for being a "well-liked" teacher.

Amy Swaim, Mrs. Kerr and daughter Diedre listen to the speaker.

Blazette Kelli Kyle flashes a smile in pep rally performance.

Cheerleader Kristi Young sports a "Cat hat" during a pep rally.

Penny Price fired up the crowd as she led them in a chant.

The Senior Class backed the Cats all the way.

Wildcat Joe Cobb leaves the gym with team members at end of each rally.

Drum Corps executes Drum Special '80 for the crowd.

FOOTBALL Season Extended

School schedules were changed as the band-blazettes, cheerleaders, and football players continued the vigorous practice that went into their fine performances. Fatigue brought on by an extended football season was buried under the enormous spirit held for the Fighting Wildcats by the Paris community.

Driven on by the winning season, townspeople caught Wildcat Fever and it did spread.

Varsity Cheerleaders present a stunt for the Silver Crush.

3 Nominees Vie for Title

Hectic, exciting, and fun describe Homecoming Week. Clubs and organizations designed and built floats for the parade. Cars, trucks, and other vehicles were transformed into Wildcats or club-related scenes. On parade afternoon, decorated cars lined up in the parking lot to make their trek to downtown Paris. Citizens and fans lined the streets in support of the Cats. Homecoming queen nominees — Penny Price, Michelle Wade, and Clyde'ette Wright — spent the week with feelings of anxiety and excitement. These nominees were presented to the student body and alumni at the annual Homecoming rally as the band played "Fascination."

Clyde'ette anticipates the next words of announcement.

Clyde'ette Wright smiles at the crowds along the parade route.

Steve Howard escorted Clyde'ette to the homecoming platform.

1980 Homecoming Queen Clyde'ette Wright shares her excitement with father Clyde Wright.

Wright Crowned Queen

Finally halftime came leaving a score of Paris 0 — Sulphur Springs 7. The band and blazettes entered the field and formed a star for the homecoming festivities. With announcer Kelli Clement making introductions, each nominee and her father walked to the center of the star. The long awaited moment finally arrived and as a hush fell over the crowd, a smile appeared on lovely Clyde'ette's face for she was named 1980 Homecoming Queen. The Wildcats came out winner too — 20 to 13.

Graduation Eighty

Over 320 graduates received diplomas at Noyes Stadium. After the band played Pomp and Circumstance, Seniors listened as Class President Gail Gambill welcomed everyone. Superintendent Felix Gibson presented diplomas after guest speaker Dr. Charles Baker issued a challenge to the Class of '80. Receiving honors were Salutatorian Kathleen Somerville and Valedictorian Karen Methven. Bill Coleman and Gail Gambill were named Best-All-Around Boy and Girl of the year.

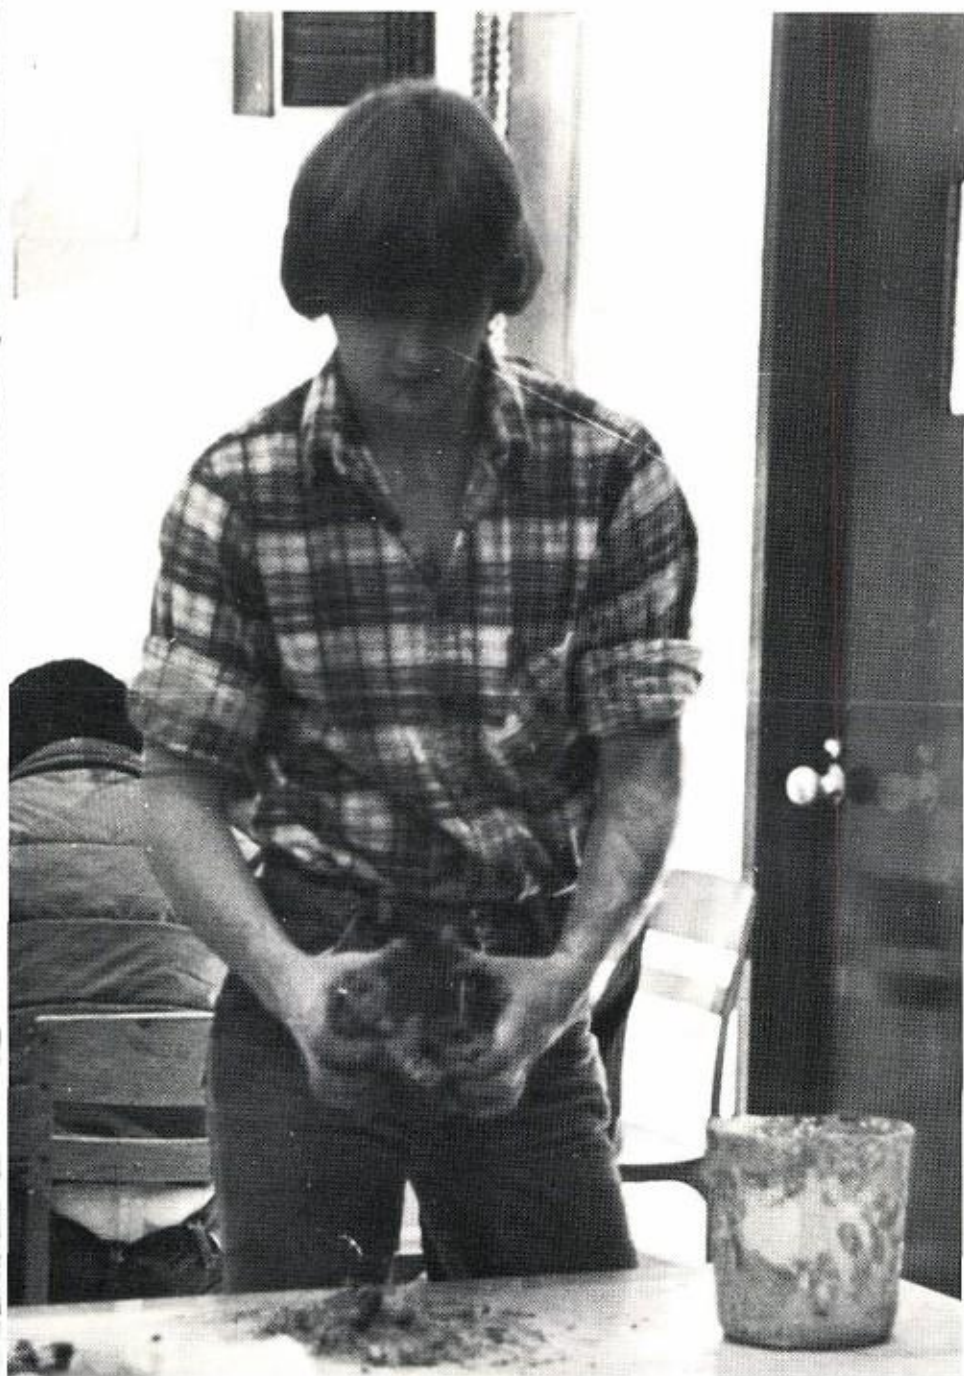

Vice-Principal Loren Stephens announced the Class of 1980.

Senior Class President Gail Gambill addresses classmates.

Shawn Reeves exchanges greetings with Supt. Felix Gibson.

Sophomore Brad Rhodes works with clay.

Suann Dillard enjoys expression in charcoals.

Students Enjoy Art Classes

Students who elected to take art developed their talents in painting, drawing, and sculpturing. With the aid of instructor Ann Tschoerner, students worked on three-dimensional art.

In the spring students look forward to entering projects in the Art Fair.

Sherry Johnson practices her water color skills.

Members of the group *Free Fare* revealed multi-talents.

Variety provided by group *TRUTH* appealed to many.

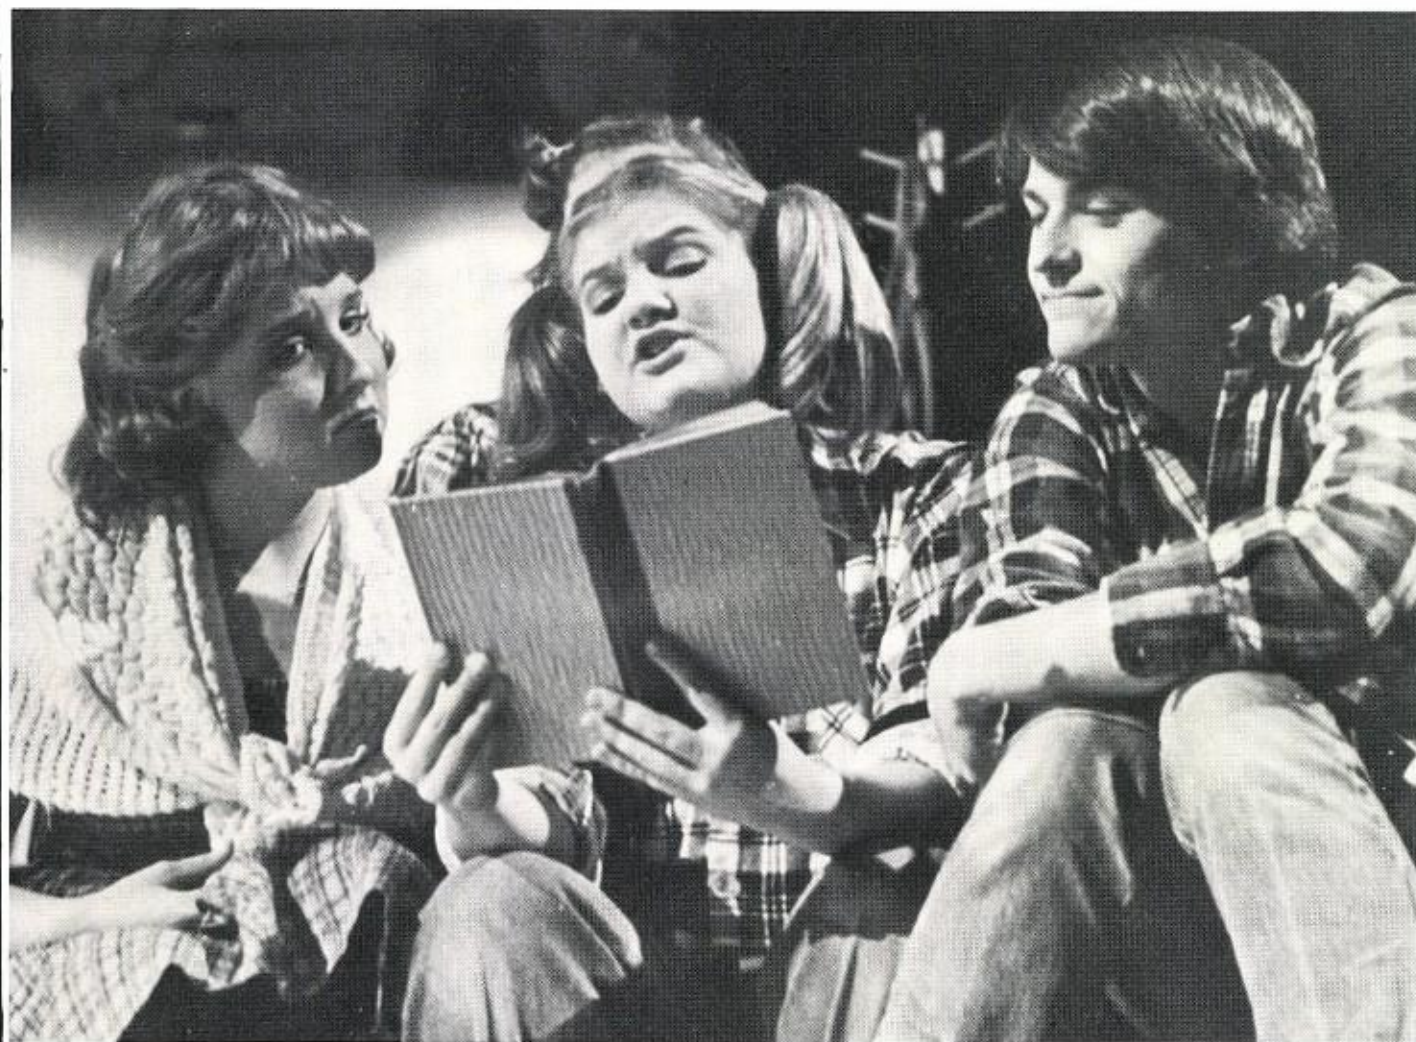

CONCERTS Well Received

The Student Council invited several musical groups to perform at the assemblies. *TRUTH* and *FREE FARE* offered a variety of music for the enjoyment of the student body. Tickets were sold for concerts performed for the community.

Free Fare involved its audience.

LILLIES

Where the Lillies Bloom was the first drama production of the year. The story involved five major characters, Mary Call (Kelli Clement), Devola (Dorothy Kennemer), Romey (Jay Evers), Ima Dean (Kristi Young), and Kiser Pease (David Fielding). The two-act play centered on the lives of four children who attempted to hide the death of their father in an effort to remain together as a family unit.

Wilson gives Myrtle Mae the eye!

Dr. Chumbley, Judge Gaffney, and Myrtle Mae wonder if Harvey exists.

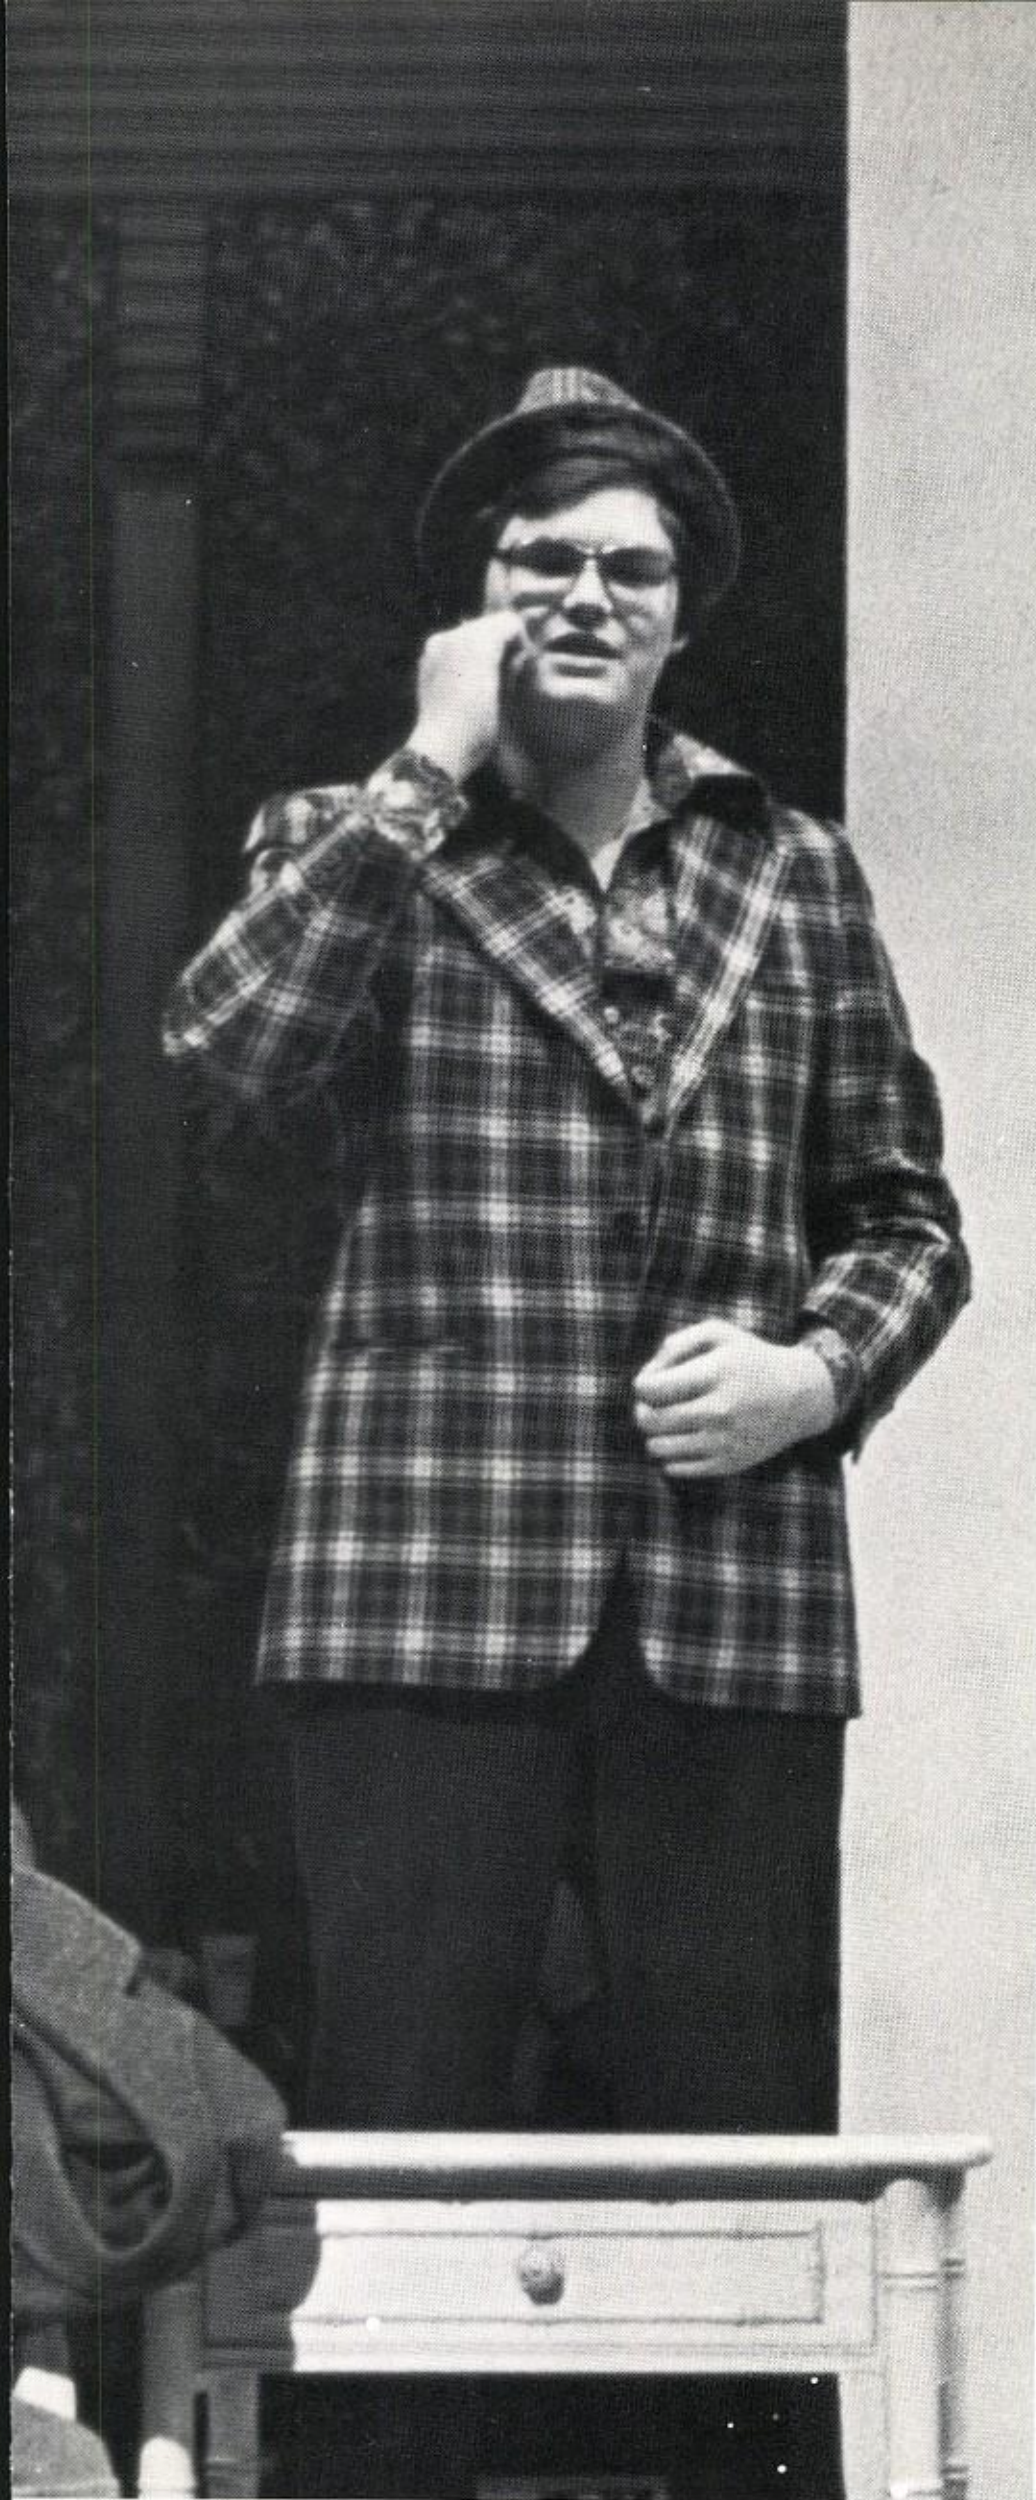

HARVEY

The Senior Class presented the play *Harvey*, the story of a middle-aged man with an imaginary rabbit as his friend. The cast included Veta Louise Simmons (*D. Kennemer*), Elwood P. Dowd (*D. Taylor*), Ruth Kelly, R.N. (*M. Elliott*), Duane Wilson (*D. Fielding*), Lyman Sanderson, M.D., (*L. Carrington*). Also included were Myrtle Mae Simmons (*S. Davis*), Miss Johnson (*J. Sikes*), Mrs. Ethel Chauvenet (*S. Hobbs*), Betty Chumbley (*C. Sheppard*), Judge Estelle Gaffney, (*M. K. McAbee*), E. J. Lofgren (*L. Stinson*) and of course, Harvey!

Choir instructor Karol Davis really gets into directing her class.

Jay Evers applies make-up for his role as Mr. Chumbley.

Band students prepare for their upcoming spring concert.

Director Frank Garza rehearses the band.

Fine Arts

Elective courses such as band, choir, and drama allow students to discover hidden talents. Band affords students the chance to gain a musical appreciation of the arts. A different gift was found in the voices of choir students. Drama students used their gift of speech as they adapted to various roles. By performing on stage and in competitions these students enriched their own lives and those lives they touched.

Kelli Clement prepares Dorothy Kenembe for her role in *HARVEY*.

Wayne Jordan and Greg Clark take notes in biology.

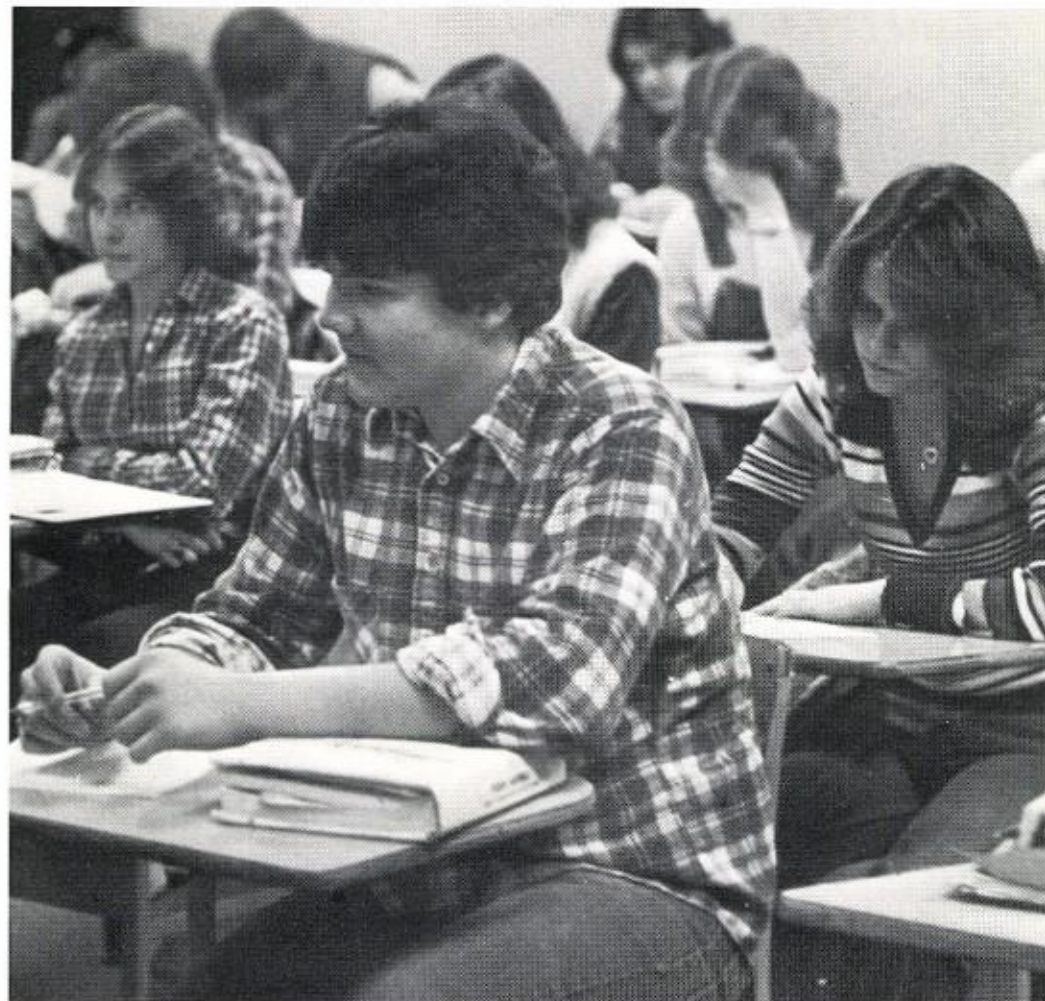

World History teacher Mrs. Peggy Sikes lectures from the center of her classroom.

Bucky Covey and William Scott are enrolled in ICT.

Spanish students translate a lesson into English.

Mrs. Norment's government students review the powers of the president.

Ms. Linda Freeman lectures first year homemaking students.

Class Lectures

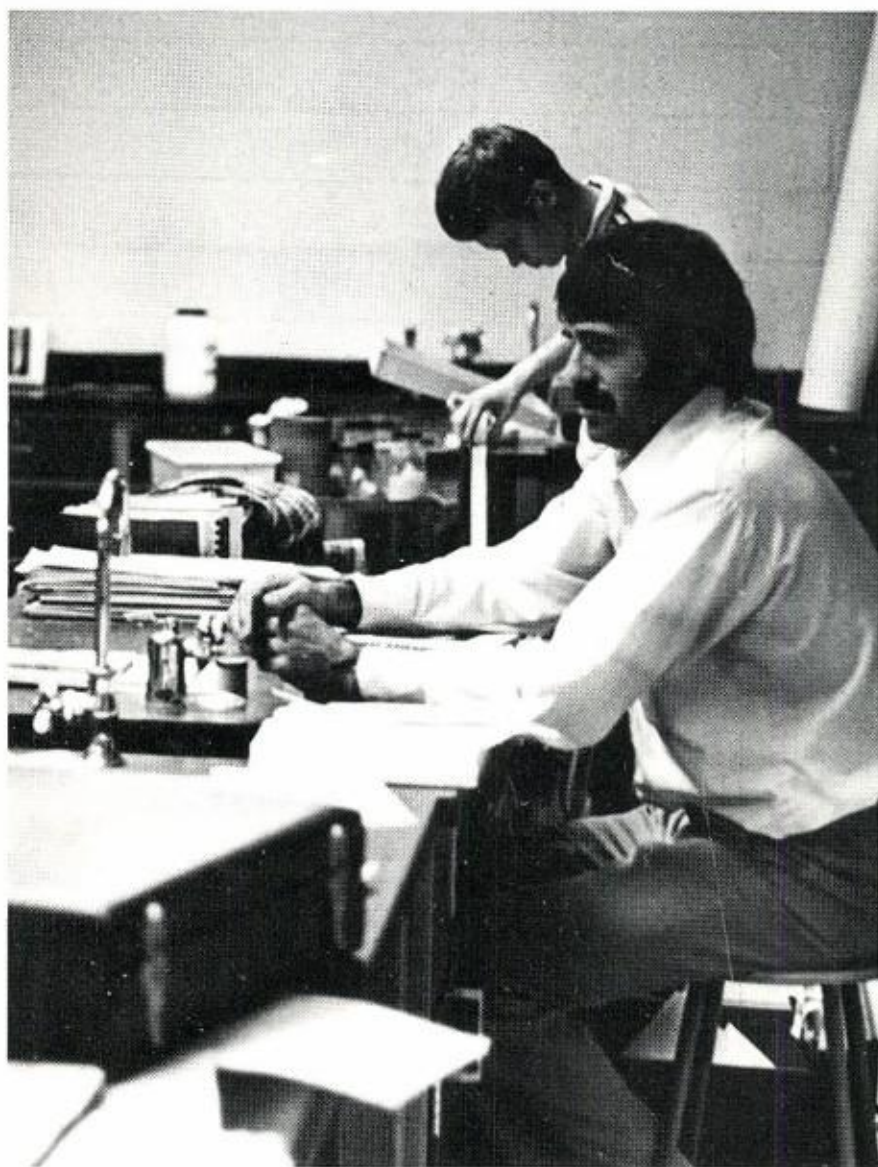

Each day students frantically tried to take notes given to them through class lectures. Lectures and notes offered a better understanding of the subject and allowed them to retain knowledge for a much longer time. Important points of their outside reading assignments and information not in textbooks came from teacher lectures. In math classes lecturing was especially important, for the book often did not offer enough explanation. On occasion students would hear from guest speakers brought into the classroom by their teachers.

Mrs. Hagood's classes read *All Is Quiet On the Western Front*.

Sophomore biology students study notes for an upcoming test.

Mrs. Peggy Guthrie converses with her students in the Spanish language.

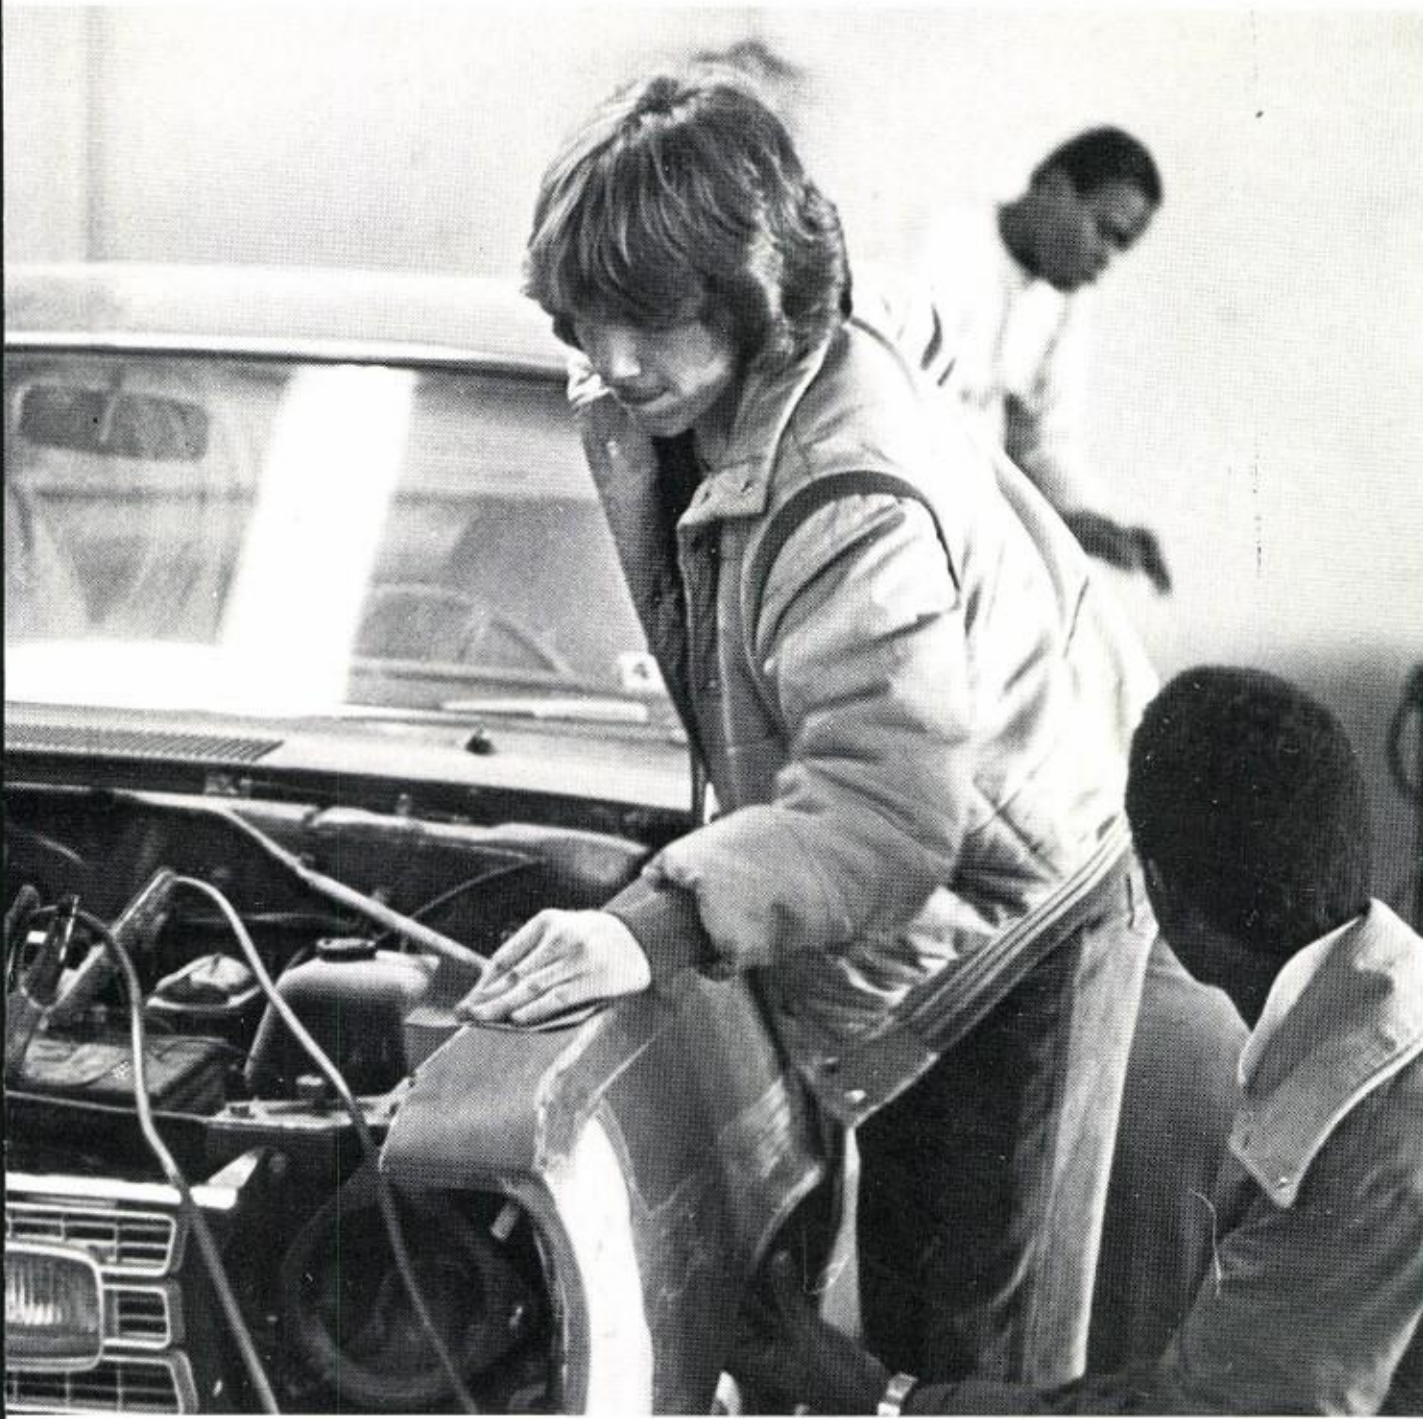

Mr. Earl Baggerly permits his physical science students time to ask questions at the end of a lecture.

Job Related Courses

Vocational Education was an alternative given to students who wanted to learn skills necessary to get a job during high school. The variety of courses offered included building, electrical and auto body trades, auto mechanics and cosmetology. Skills were taught through practice and demonstration. Businesses and industries worked with the school in order to train and educate the students.

Cooperative programs were offered through Distributive Education, Vocational Office Education, Industrial Training, and Home Economics Cooperative Education.

Ricky Del Barto sands a car in auto body class.

Technical drafting class listens to a guest speaker.

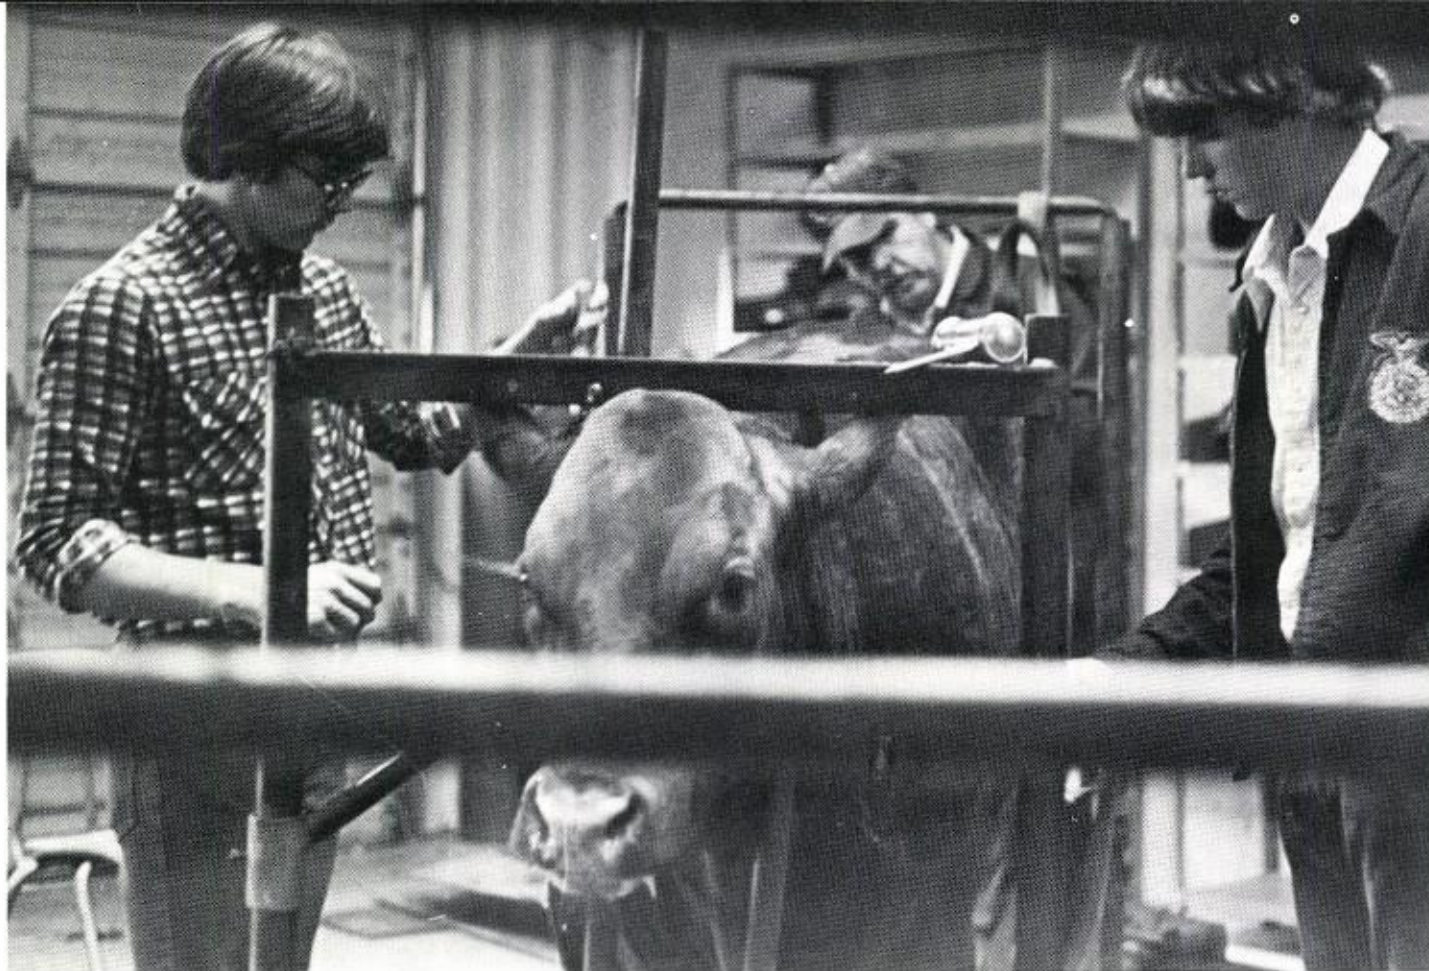

Donna Adams gives Lisa Martindale a manicure in cosmetology.

Technical Training

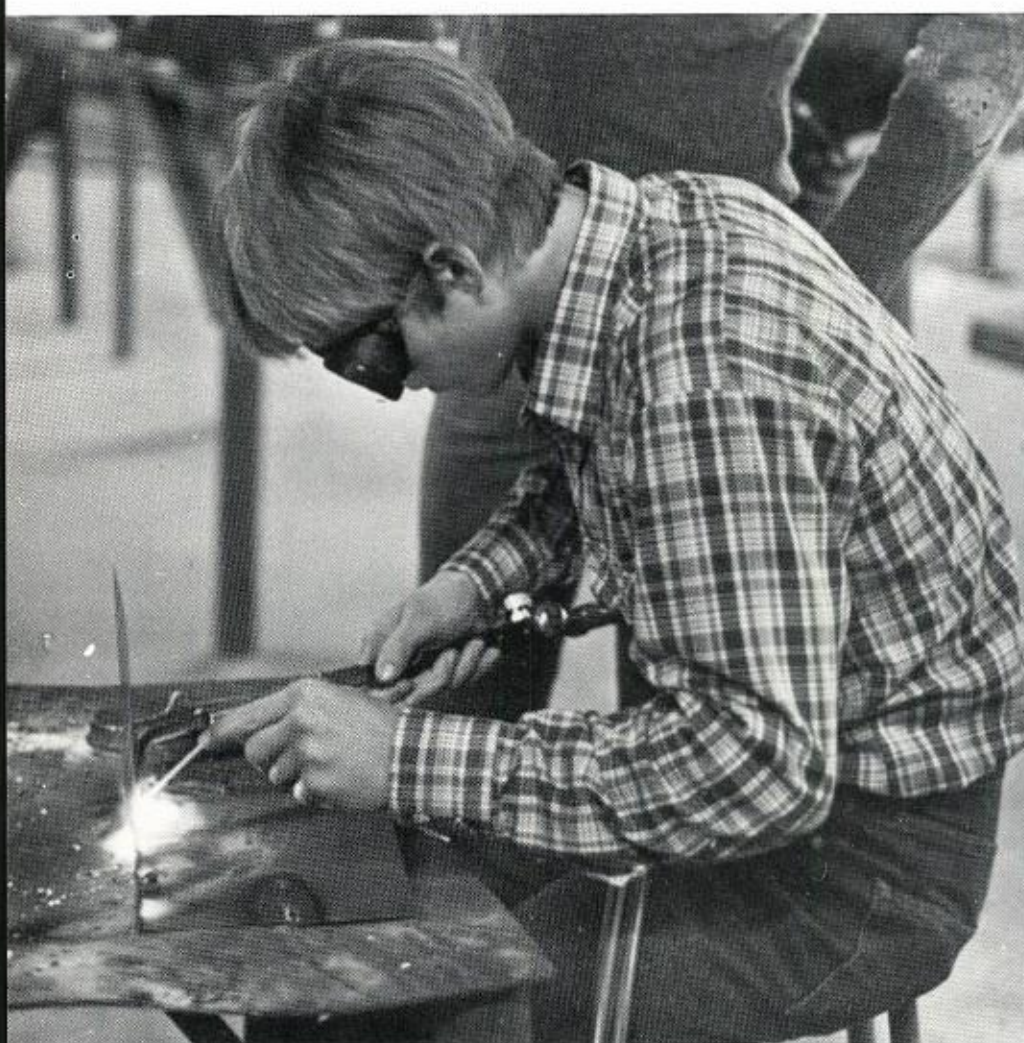

Training students in retail — wholesale service was a function of Distributive Education. A simulated work experience was set up in the student store. The VOE program taught students a diversity of office skills. Twenty hours a week at work and twenty hours at school made up the schedule for students participating in the ICT program. The home economics field opened to HECE students as they prepared for the working world. In Laboratory and Cooperative Agriculture students learned about farm management, agricultural mechanics, and the science of animals, soil, and plants.

A new program HOCT opened this year as students trained for a vocation in the health field.

Leigh Foreman, Greg Clark and Mr. Smith prepare limousin for show.

Johnny Goley and Terry Thompson rebuild a motor in pre-lab.

Terry Beard is practicing his "bead."

Mr. Danny Daniels instructs auto body students.

Freshmen students learn basic skills in welding.

DE student Marcus Edwards works each morning in the experimental store.

Sophomore Bo Pridemore checks equipment to assure safety.

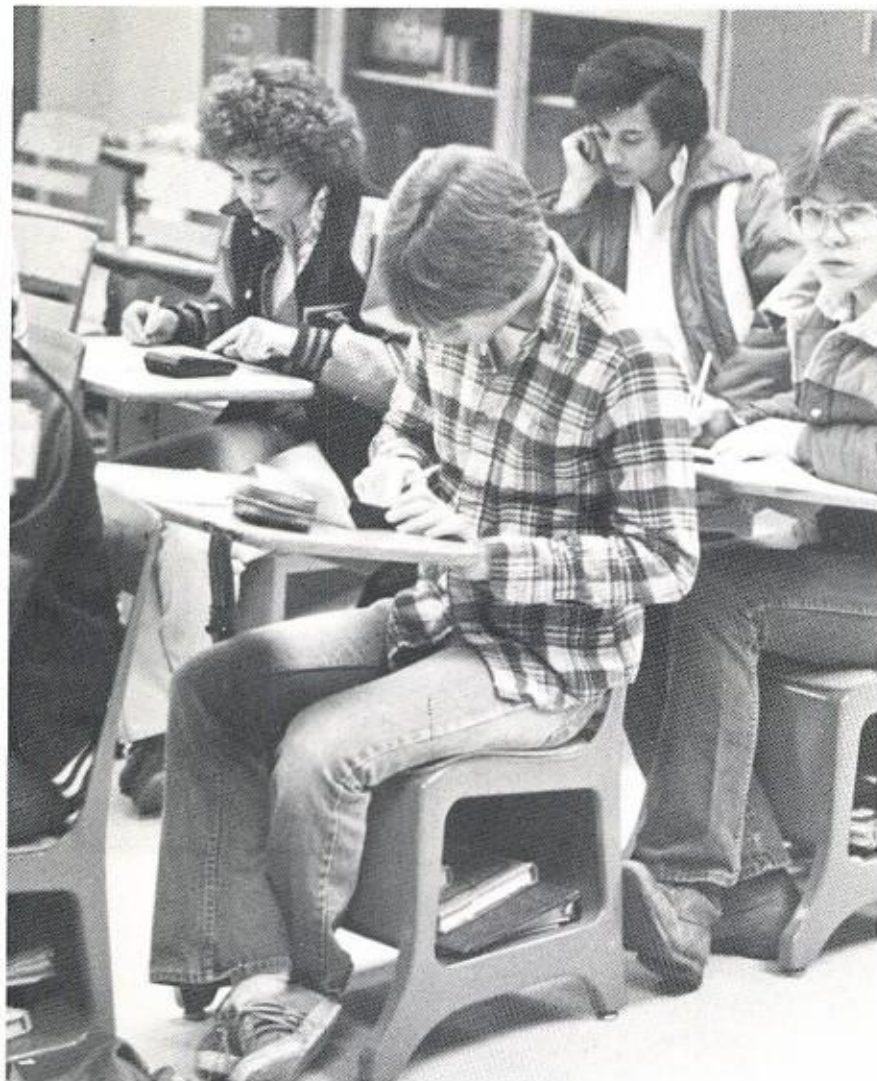

Mr. Olen Jordan instructs building construction students.

VOE student Dina Shiver works in the job placement office.

Construction students discuss safe use of the table saw.

Seniors Bill LaRue, Leslie Stinson, Fred Wilhelmi and John Akers in physics.

Spanish II is one of the advanced language classes offered.

Todd Carter studies an analysis in his chemistry class.

College Prep Courses

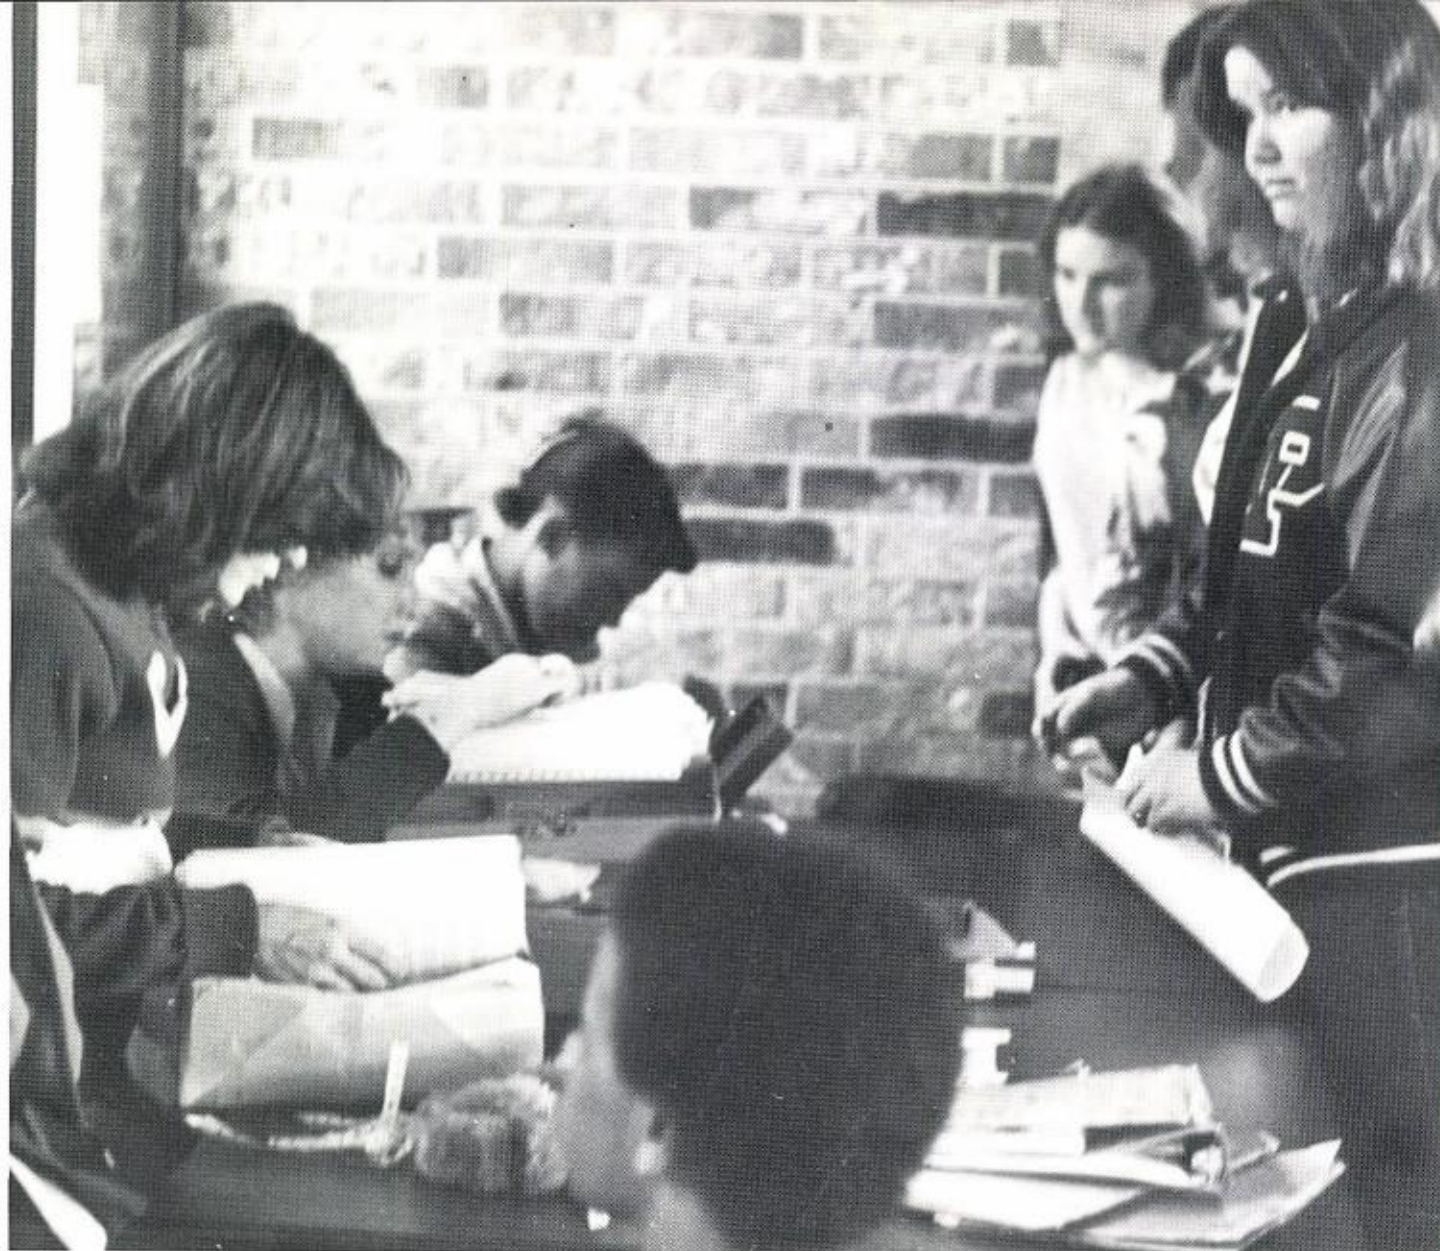

Preparing for the future was a priority for students who enrolled in Superior Talented Students (STS) courses. By taking these college preparatory classes, students became eligible for graduation as an honor student. This opportunity to be an honor graduate could be fulfilled by taking two years of a foreign language and an additional year in science and math along with other required subjects. Honor graduates are required to rank in the upper 5% of the graduating class.

For Someone Special

In celebration of Valentine's Day, the National Honor Society sold carnations for sixty cents each. Anyone could purchase a carnation for someone special knowing it would be sent to them anonymously. Carnations were delivered by NHS members during the first period class on Friday, February 13th.

The Student Council sponsored a Valentine's Dance after the Paris — Bonham basketball game. The Council also conducted a popular computer matchup survey. Student purchasing their computer readout would find ten compatible people on their list along with the classification and a phone number.

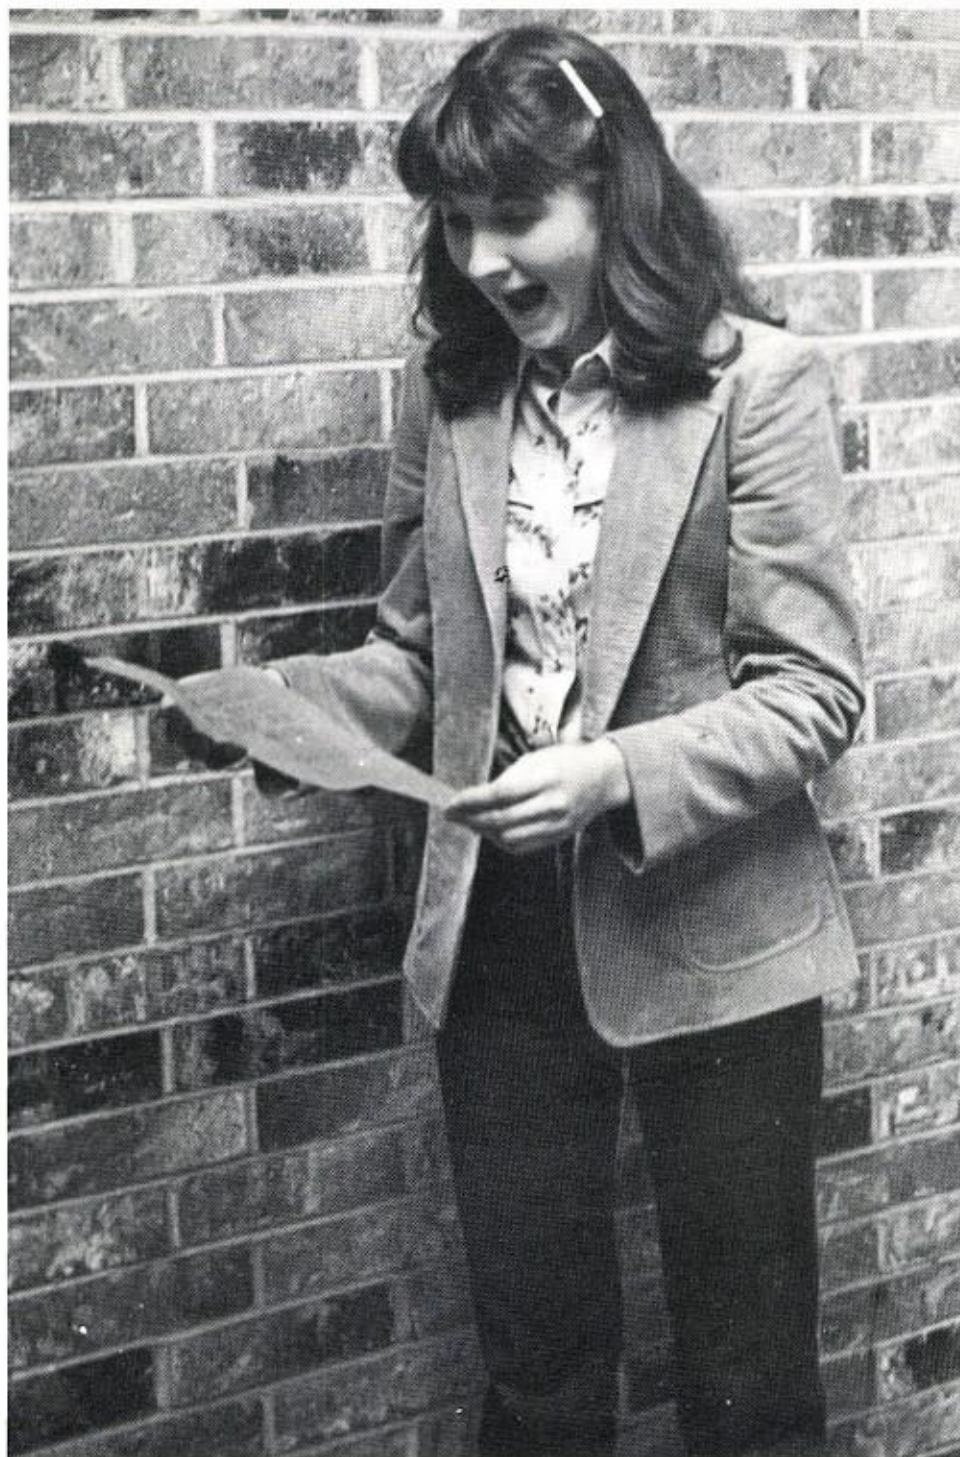

NHS member Dean Johnson sells a carnation to David Raper.

NHS member Lorna Jordan is on her way to deliver carnations.

Ninth grader Kristi Knighton finds her match-up incredible.

Class of '81 Wins Again

In early February the student body elected nominees for OWL sweethearts. The winners were not to be announced until the 1981 OWL debut. On February 17th, pictures of nominees were taken in Nita Pierce's home.

THE 1981 OWL SWEET-HEARTS are Seniors Jay Evers and Nita Miller. Miss Miller and Bob Holman were the 1980 OWL Sweethearts. Nita served as Blazette lieutenant, a counselor assistant, and a Keywanette. She is a member of FCA and FTA, and as a freshman and sophomore, she was actively involved in girls' sports.

Jay Evers has been elected Best-All-Around Senior boy this year. He is involved with drama activities receiving numerous honors in district and regional competition. He holds memberships in many service clubs and organizations and has served PHS as school mascot for the past two years.

ORGANIZATIONS

CLUBS

and

A desire for friendship and a need to belong furnished most students with a reason for becoming involved in clubs/organizations. Exciting club activities helped students to discover new interests and perhaps future careers. Life-learning skills in leadership and achievement sent students into the community and throughout the state for conventions, seminars, and competitions.

Students of Mrs. Virginia Jessee are familiar with the scope of Dr. Robert Schuller's lines for they do "dare to dream a risky dream, be a supportive beam and give credit to the team" as does she.

A Credit To the Team

Through her patience, kindness, and gentleness, she awakes in her students an ability to create and a desire for insight and answers. In sixteen years of teaching, she has enlarged the personal lives of her students.

Mrs. Virginia Jessee is the wife of W.F. Jessee. They have three daughters — Mrs. Joe (Pat) Thurman, Ms. Mary Lou McGee, and Ms. Nancy Jessee.

Traveling to places in Europe, Mexico and Hawaii, Mrs. Jessee has often been accompanied by students. She is a member of First Baptist Church of Paris. Reading, collecting cut glass and jewelry, and interior decorating are among her hobbies.

COUNSELOR ASSISTANTS —

Counselor assistants are kept busy directing students to one of the three counselors. At the beginning of each semester students line the walls in and around the guidance center usually wanting or needing a schedule change.

Most students discover very quickly that the library is truly a resource center. Library assistants help Mrs. Glenna Ford and Mrs. Nelda Crawford in serving both the students and the faculty.

During fourth period Kelli Kyle is assigned to the counselor's office.

Regina McAfee compiles statistics needed by the counselors. She is one of ten assistants.

Providing Leadership

For the first time student identification cards were offered by the Student Council. The Council consists of four officers, two representatives, the presidents from each class and the sponsor, Mrs. Linda Hicks.

During the year the Council hosted dances for Homecoming, Christmas, and Valentine's. With the Senior class they sponsored Sadie Hawkins activities.

Secretary Dorothy Kennemer kept the lighted board by the office posted with current and major events both worldwide and local.

Other Council projects include sending a Mouse-to-College campaign for cancer research and encouraging "Campus Pride."

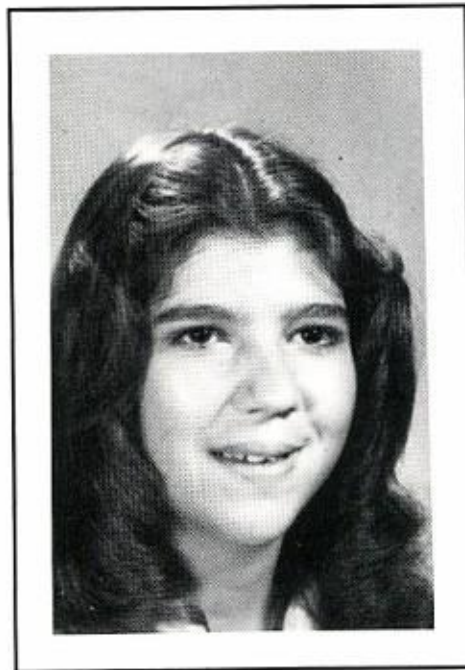

Computer dating fun was sponsored by the Council along with the benches outside the cafeteria for students to use at their leisure. Money raised helped to give better prices to students who attended dances.

In an effort to provide better leadership, the Council attended fall and spring forums with other regional councils.

Dorothy Kennemer posts Valentine Dance Information.

TAKING A NEW TURN

Yearbooks begin with ideas and end in a publication. Thirty-three newly organized staff members began in September to create a book to please the student body. New advisor Anna Pope made changes in the format. Since 1968 PHS had had a collegiate sized book. Before that time the book was a standard sized yearbook. The 1981 OWL is a *Mark 8* book, that is 8½ x 11.

Editors Julie Del Barto and

Kristi Lamb worked closely with photographers Russell Durant, Ricky Mackey and Todd Smith to schedule, shoot, develop and print good photographs. The staff concentrated on good copy, quality layouts, and great photos to tell the year's story. Early in September advertising was sold and then in October subscriptions for the '81 OWL were taken. Both the staff and the advisor established a major goal of including as many PHS students in 248 pages as they possibly could.

In December Kristi Lamb, Russell Durant, Todd Smith, and Tracy Reed traveled to Denton for THSPA Convention.

The cheerleaders proved to be an influential group by maintaining school spirit. With halftime as their only break, cheerleaders performed in all weather — rain, sleet, and snow. This year's squad was composed of two groups — Varsity and Junior Varsity cheerleaders. Each group gave mementos to and parties for their respective team.

The Varsity cheerleaders attended a summer camp on the campus of SMU. They learned new chants, ideas for fund-raisers, and brought home many awards. Due to their outstanding ability and personality, they were chosen as a feature group to be on P.M. Magazine. With the help of the Booster Club and Mrs. Betty Edwards, their sponsor, they had a successful year.

ATHLETICS

GO SILVER
CRUSH! WILD-
CAT POWER. WE
LUV YOU BLUE.
WE'RE NO. ONE.

Resounding cries backing the cats revealed an alive spirit at Paris High School and throughout the City of Paris. Going to state highlighted the school year. Football was a catalyst in 1980 — a mixture of fun and excitement enriching our lives. ONE MORE TIME. WE ALL BACK THE CATS. ONE MORE TIME SILVER CRUSH!

WILDCATS GO TO STATE IN '80

Coach Bill Hicks led Paris to an 11-2 record, the best in PHS history.

The Wildcats started the season with a 35-6 win over the Atlanta Rabbits. Then came the Mt. Pleasant rematch. Again, the Tigers came out the winners, 8-7. In the third game with the Jesuit Rangers, Paris dominated play in a score of Paris 27, Jesuit 7. The would-be game with Ennis will be long remembered — the game that was never played. Paris beat Bishop Dunne 35-6. The Cats came home from Rockwall with a big win 21-11. The Homecoming game ended triumphantly — Paris 20, Sulphur Springs 13. Halloween night the Wildcats took McKinney 14-7. Paw Power reigned as Terrell fell 35-34. District play ended with Paris ripping the Bonham Warriors 62-0. Wildcat Fever was just beginning to spread.

... Tigers Fall Beneath CAT Paws

Principal Jerry Stephens joins Mark Kerr in feelings of victory.

The Bi-District game with Mt. Pleasant ended two years of frustration for the CATS. Coming from fourteen points down to win by a score of 28-14 erased any feeling of a "jinx." This win proved to be a turning point for Wildcat football. This game propelled us into a great playoff season and perhaps meant more to us than any other game. Also, this game held significance to the student body and citizens of Paris — pride was no longer on the line.

Daniel Wallace (34), Tommy Kennedy (84), Mark Kerr (75), and Darrell Johnson (90) recover a Tiger fumble.

GAINESVILLE OVERPOWERED

Paris people proudly backed the Cats giving WILDCAT POWER the force of a champion.

Perry hands ball off to Kammer. McCray (11) and Dirks are in the background.

At the regional championship game with Gainesville in Mesquite, Paris supporters showed 8,000 strong. Incredibly the Leopards took leads of 6-0 and 12-7 until the Wildcat defense took charge stopping Gainesville once in Paris territory and by keeping the Leopards on their own end of the field until the game ended 13-12. Coach Hicks called it "a great win for us," adding that "... it's hard to point out a single player that made the difference. The kids showed a lot of character with this win."

Tailback Don Sims watches from sideline until the offense takes cover.

Bobby Savage (44) with only three more to go.

Defensive Coach Allen Wilson listens to offensive plays so he may help plan defense.

BIG BLUE RIPS ESTACADO

The Wildcats put it all together on a Saturday afternoon as they shut out Lubbock Estacado. The Cats were prepared. Twice on crucial fourth down plays the Wildcats stopped Estacado. Paris allowed Estacado offense five total plays in the first quarter and did not allow a first down until 5:47 remained in the last half.

Perry hit Greg Smith for 21 and two plays later found Ricky Dirks open at the five-yard line. Running back Dino Kammer then scored the first of two touchdowns. The point-after was stopped for a 6-0 score midway through the second period. In the last seconds of the same quarter, Brooks stopped a possible Estacado touchdown in the Paris end zone.

Kammer picked up 31 yards as the third period began and then four plays later he scored from the nine on a fourth and one situation. Don Sims then handled a two-point conversion.

Specialty team stopped an Estacado kick-off return.

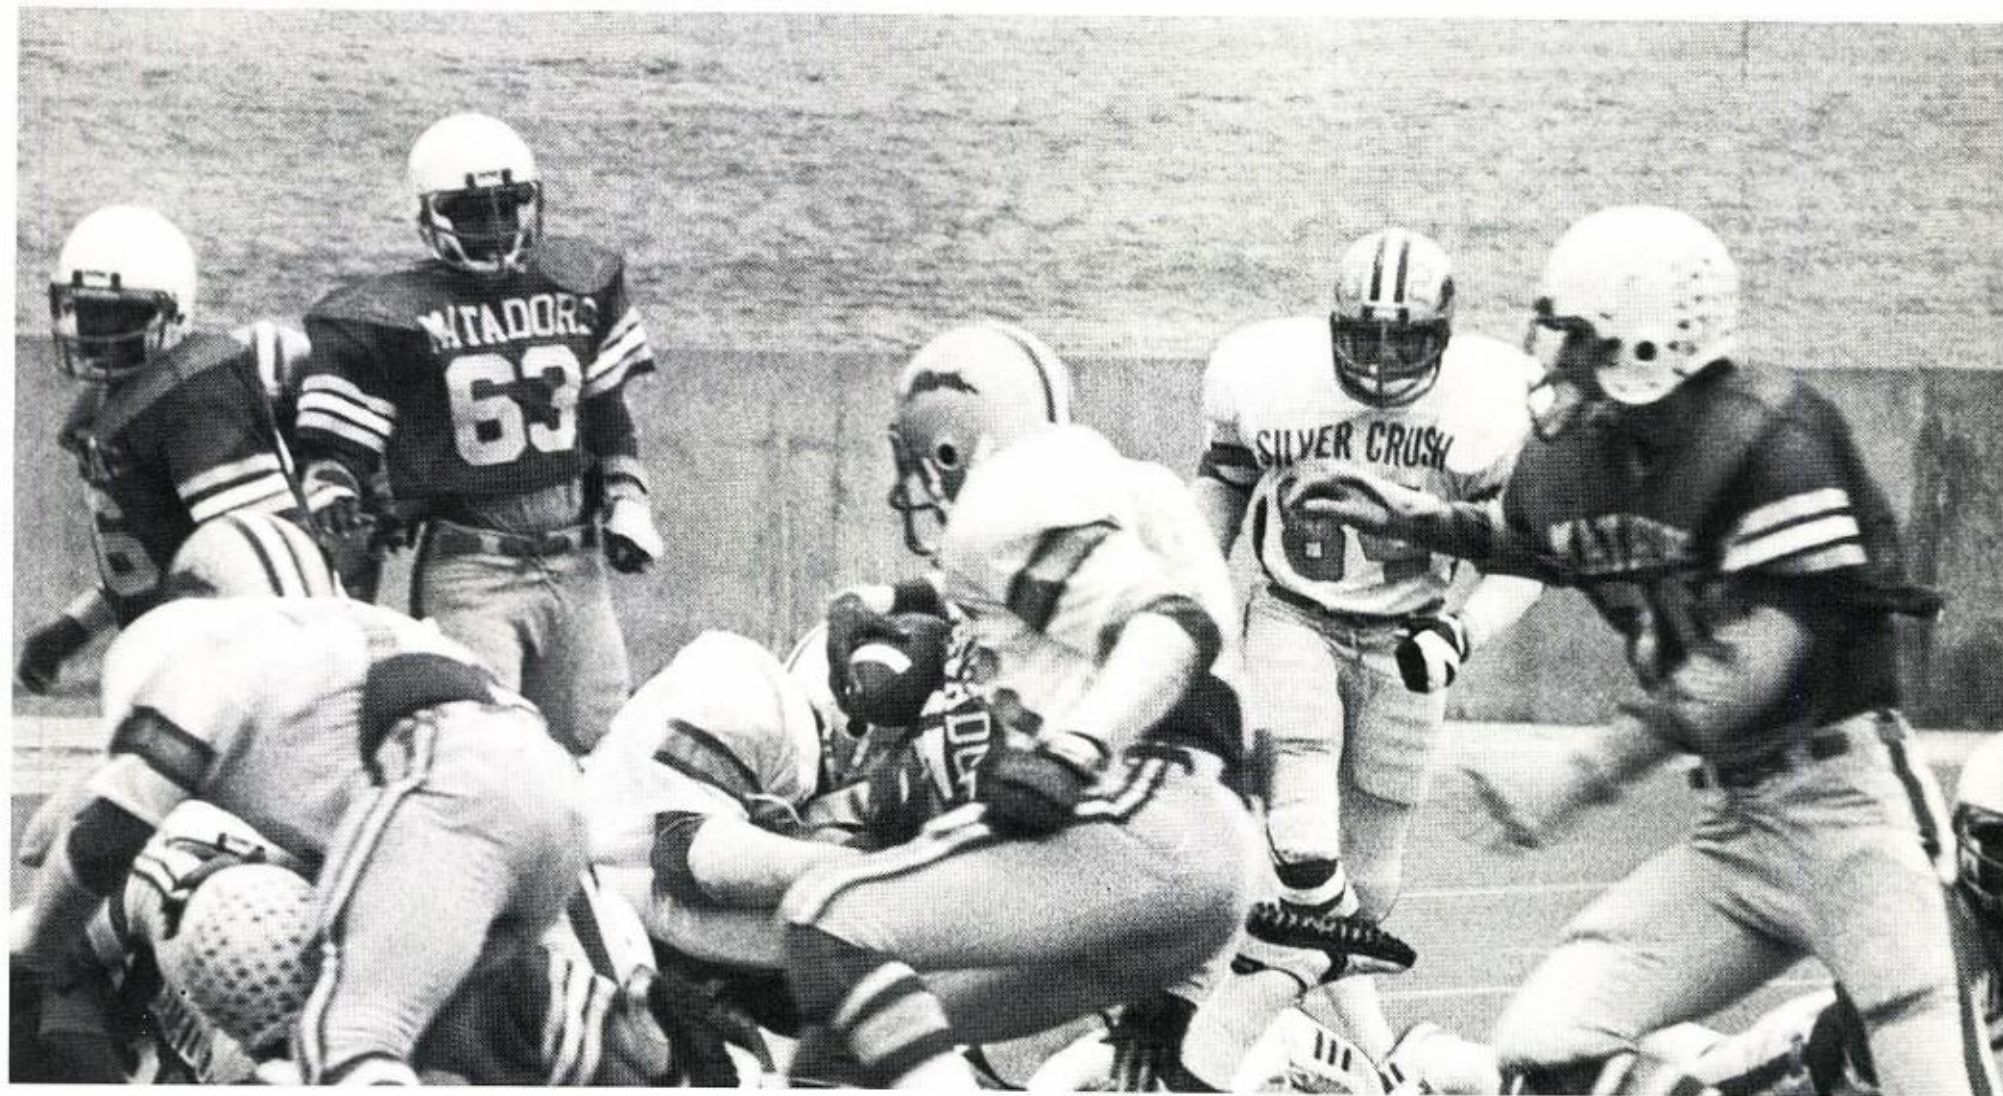

WILDCATS . . . 14 MATADORS . . . 0

Paris maintained possession of the football in the fourth quarter as Brad Perry ran the "quarterback sneak" for key yardage. Coach Bill Hicks said "We wanted to shut down the big-play offense and keep the football. We did both and we won."

Dino Kammer (15) breaks for a long gain through a hole opened by Greg Smith (88).

Below a pass interception by Paul Bailey. Blockers Daniel Wallace, Mark Kerr, and Tommy Kennedy lead the way.

WILDCATS TRAVEL TO FINALS

... Cats Finish
Best Season Ever
11-2

Senior Kevin Houchin feels all the emotions of the final game.

The Cats played well in the title game. Only a winner makes it to the finals.

Richard Rheudasil (53), Paul Joe (67), and twenty other Wildcats dressed out for their last high school football game.

Steve Long and Wildcats J. P. Crawford and Mike Mitchell knew that "3 out of 4" really isn't bad.

Depth and size seemed to determine the outcome when Huntsville met Paris in Waco for the Class AAAA state championship. During the first half the Cats seemed to control the line of scrimmage in Baylor Stadium but just couldn't get the ball close to the goal line.

Getting to the final game of the season was a victory for the Cats. The season was tremendous and the coaches and players gave us all something to look forward to in 1981.

Senior running backs Ricky Dirks and Dino Kammer finished the season as one of the only running tandems to have rushed for more than 2,400 yards in one season in Class AAAA. Kammer finished the season with 1,274 yards while Dirks ended with 1,161. Junior Don Sims rushed for almost 700 yards. Quarterback Brad Perry, Dwight Williams, Kevin Houchin, Joe Cobb, Joel McCray, Fred Smith, Elmo Brooks, Stanford Porter, Daniel Wallace, Tommy Robins and Paul Joe played for Paris High for the last time in Baylor Stadium. Also in a final appearance were Roger McElroy, Mark Kerr, Johnny Crawford, Joe Tuttle, David Somoza, Tommy Kennedy, Paul Bailey, Greg Smith, and Darrell Johnson.

Paris ended the season at 11-2, the best record a Lamar County team has ever made, and was the only team in the area to go to state finals.

I shall never forget your help with such things as Homecoming, Jr. class play, Prom, etc., etc. I always have

I could depend upon Jay. Thank you for being the beautiful, sweet person that you are. I know the future will hold nothing but happiness for you because you put so much spirit into your life. But in whatever you do may I wish you luck and good fortune. I will miss you terribly next year (Who will whistle at me in the hall?). However, I will never forget you because you are a very special person. Love ya! Mrs. Hutto

SAVING TIPS

on electric air conditioning

Air conditioning provides lots of comfort during the summer months, but for many thousands of homeowners it is also the biggest factor in the cost of electricity. On the average, air conditioning accounts for about half of summertime electric bills.

Here are ways you can hold down the cost of air conditioning and still enjoy its comfort.

Central Systems

1. Set thermostat on 78°, or higher, during the summer. Turn unit off if you'll be away from home several days.
2. Keep equipment at top operating efficiency. Have it checked seasonally by qualified serviceman.
3. Check filter every 30 days. Dirty filters cause equipment to use excessive electricity. If filter is permanent, clean by manufacturer's directions; if it's disposable, it should be replaced when dirty.
4. Keep furniture, draperies away from air outlets and returns. Clean grills often.
5. Close draperies and blinds to keep out direct sunlight.
6. Keep fireplace damper closed.
7. Proper home insulation keeps the heat out, cuts energy use. Insulation questions? Call TP&L.
8. Shade on roof and walls can reduce energy needed to cool. But trim trees, shrubs away from outside compressor unit. Keep it free of leaves, debris. If air flow is blocked, unit uses more energy.

9. Weatherstrip doors and windows; caulk cracks to prevent drafts and cool air loss.
10. Keep windows closed. Open outside doors as little as possible.

Window Units

Follow above suggestions, plus these:

11. Buy units with *highest* "energy efficiency ratio" (EER). Uses less electricity to cool. If EER is not on sales tag, ask for it or figure it yourself. Divide "wattage" into "BTU" capacity. Both figures are on unit.
12. Place unit where it'll get as little direct sun as possible.
13. Aim air outlets at lower half of doorway to next room to allow warm air from that room to enter at the doortop for recooling, recirculation.
14. Never vent air conditioner into garage. Ventilation is usually too poor for top performance of your unit.

Conserve electricity and you help conserve one or more of the fuels needed to produce it. Conserve fuels and you help assure that there will be enough to meet essential needs for electricity in the future.

When you pass a TP&L office, warehouse, generating plant or other facility, you'll see that we've turned off all non-essential lighting. And, in as many other ways as possible, TP&L is reducing its own uses of electricity.

If you would like additional information on conserving electricity, call the Customer Service Representative in the TP&L Office.

The Art Department float won 2nd place in the Homecoming parade with help of Lori Mills and Bruce Martin.

Jaybo, Jay I owe a lot of myself to you- wait and I'll explain. Last year when I came to Paris High I was new and I was scared and I clearly remember this nice guy for getting that I was not born and lived in Paris as everybody else was and talking to me in a friendly way that said, "Hey, I want to be your friend and I want you to like it here." I remember I was so damn impressed!! I mean here was this big bad mascot-type person, known by everyone everywhere at Paris High, and he was talking to me! It made me feel more welcome than I had up to that point. Of course over the past two years I have realized that you are not "Jay Evers: Super Human Guy", and you are just as capable of screwing up as I am (haha). I love you Jay and wish only the best for you. You are the only person I know, the only one who keeps giving and giving and giving without pausing to ask, "Hey, now what do I get?" You have more talent than you know what to do with. Don't you dare stay in Paris or I'll absolutely kill you! If I have to take twenty bricks out of my own pocket and put you on a one way bus to Dallas I'll do it. And Jay, have you found any use for your birthday present yet? Hey, for the guy who has everything right? If you ever find yourself out of work I'll get you a job with me in San Francisco controlling weeds in public parks. Or perhaps we could start our own traveling obscene puppet theater. What do you think?

Thank you for being one among few to stand behind me when I chose to take a boyfriend from "that other school." I really discovered when I did that who my true friends were. Thank you for being a true friend. Hey, let's get together and have a little sex sometime, O.K.?

Remember when you and Krista got drunk and made out on my couch? (Ha! you thought I had forgotten didn't you?). Remember how in love you were with Marion Dyer? Am I embarrassing you yet? I didn't figure I could.

I guess you are my surrogate brother since Tuck is our surrogate mom.

We owe a lot to her too. I want to take some time before we take our separate roads and have dinner, just you and me. I'm sorry I have not been sociable much lately but I have been having a hard time of life in general. Mrs. D. wants to see me after class.

Anyway, I hope when
you go to UT they offer a
ten year course in Spanish
and you learn how to
speak it so well that no
one will be able to
communicate with you.
I plan on conveniently
forgetting everything
(which is not much) I
have learned in this
class. Yuck

Don't forget me because
as much as I try (haha)
I can't ever forget Jay
Evers (what-a-guy!!)

Be happy and alive
all be careful always.
And when you want to
think of me remember
this from Oscar Wilde:

Life is too important
to be taken seriously.

This is my own
philosophy of life. Hey,
I figure God is just this
comedian sitting up there
on a cloud and getting a
big yuck yuck over all of
us stupid people.

I love you
Caryl
"Freddie"

Jay,

To a guy that's got
a lot going for him,
keep up the good work. You
are very talented and smart.
Thanks for all the good times
at the games while you were
Mascot, and a damn good one
too! Thanks for being my
friend. We had many good times
in Chemistry & Spanish together.
Good luck next year. Have
fun this summer. Wishin' you
the best of luck - Friends,
Love
Joni Pearce

Colophon

Printed by Taylor Publishing Company of Dallas, Texas, the 1981 OWL was the 68th volume published by a Paris High School year-book staff. The book containing 248 pages was printed on 21 Enamel 80 white paper. Eight hundred and twenty-five copies were printed costing approximately \$15,000. Graphics #4 in ivory was used in the opening signature. The cover, made on a special silk screened design with applied colors of brown and ivory on base blue, was designed by the editors and the TPC representative. Helvetica 46S was selected for body type. Headlines are done in 30 pt., 24 pt. and 18pt. with ten, eight, and six point used for identification and index.

Most of the photographs were taken by Russell Durant with Ricky Mackey, Todd Smith, John Akers, Tracy Reed, Clayton Hooten, and Andy Bowmer assisting. Printing was done chiefly by Russell Durant, Ricky Mackey, Todd Smith, and John Akers. Johnny Barnett, a 1980 graduate and student at Paris Junior College, photographed clubs and organizations.

Jay,
It was fun having
you in Español. You
made the class fun
and quite interesting.
I wish you a lot of
luck in the future.
You'll one of the
wildest & craziest
guys I know. Have
fun this summer.
Love,
Stacia

The Last Turn

Taking a new turn came easily as a newly organized staff with a new advisor set out to begin the publication of the 68th OWL. Many changes were made in the format of the book, the most noticeable being the use of graphics in the place of expensive four-color. Close budgeting called for a 248 page book that was reduced in size to 8½ x 11 or *Mark 8*.

As each page is turned, new directions are being taken, and roads are being built or renewed. The fighting Wildcats received special coverage for their outstanding season. A new turn was taken in the classes section with the seniors being allowed portraits rather than regular school pictures. An academics or curricular section was included in the activities section.

A sincere effort was made by a relatively inexperienced staff to publish a book for the students at Paris High School. Advisor Mrs. Pope stressed that "a yearbook was not for the self-glorification of the yearbook staff" but a treasury filled with reflections of a year in school life. We worked for good copy and effective layouts designing larger picture areas leaving less white space.

In 1982 we will take yet another turn, determined to do an even better job of publishing a yearbook for your enjoyment. The closeness that developed between the editorial staff and the student body put a unity into the 1981 OWL that we hope captures your satisfaction and patronage.

As you read this ten years from now, you will smile. In twenty years, you will remember with difficulty. And in thirty, you will have forgotten.

Life is just that way.

And, unfortunately, things like this are the only 'certain' aspects of a long, and often hard, journey of ours called life. A huge majority of people can relate to that statement. But, for every huge majority, you will find a small, but significant, minority — and in our case, Jay, these are the people who can reach beyond life's certainties. People who can take a dream or a handful of imagination and turn it into reality.

You make up a part of this minority that I've spoken of. I can say this because I know you. Because you are my best friend.

I haven't known you that long. Only four years, in fact.

It was back when we were freshmen — I was the skinny oriental that sat between Rob Richey and Doug Franklin in your world history class. We hardly spoke — except for times when I needed to know what was on the algebra test.

I wanted to be your friend, but there was nothing that I knew of which we could possibly have in common. You were from Crockett and I from Travis and I knew almost nothing about you.

When Rob told me that you wanted to be on the yearbook staff next year, I talked you into going to the FJA workshop in Oklahoma that summer.

From that time on, we were good friends in one way or another.

Jaybaby!

What a year! It's been a blast. Us, Big Serious!
I can't believe it, we're fixing to graduate. Jay, you're
a sweet guy and ~~a~~ A Super Friend! You're very dear to me.
I have enjoyed sharing my High-School years with ya. I'm
so glad we've become such close friends. All those crazy
time we've been through, the big-stick-on-nose accident,
workouts, ~~signs~~ ^{minting}, decorating, stunts; do me jay, Oh Jay
designing runthroughs, the rides to the games on the raggy
van, Jay, do your stuff before the football games, Yeah ya
piggin out, not tell anyone of NCA cheerleaders, don't worry
Jay, all the basketballs games, track meet, your big
chance at U.S., and all the other memories that count.
You're terrific Jay! You're a talented & bright person. I
love you ~~very~~ much for your friendship. I wish you the
best out of life cause that's what you deserve. As we
graduate and go our own way may God be with you
always. Keep in touch, Jay, let's don't let our friendship
end. OK.

P.S. Don't ^{ever} forget
our big judging career
and our ~~sting~~ ^{sting}
business at the lake!
Hope to see ya this
summer. If you ever
need a friend Jay, I'm
here for you. Maybe we'll
be Big FJC yell leaders!

Love ya Gots!

cont'd

We've come a long, short way, haven't we, Jay?

It was less than twenty-four hours ago that we walked across a stage and recieved a piece of paper signifying the end of a twelve-year struggle. In two weeks, my uncle will have a picture of me embracing an equally ecstatic person whom, only four years ago, knew me merely as the skinny oriental between Rob and Doug. In three days, I will be at the very place where our friendship grew — not to learn, but to ~~teach~~ teach and be a damn counselor. In three months, we will be hundreds of miles away from each other.

You are a very special person to me, to my life. You have been my brother, my confidante. My friend.

Sometimes more — but never less.

I have not mentioned any 'good lucks', 'congratulations', 'best wishes', or the basic compliments because you know that you already have all of these from me. I have not mentioned any 'let's keep in touches' because we will.

There's only one more thing that I really must say, but since James Taylor said it first, I think that I should put it exactly as he did:

Hey, ain't it good to know
That you've got a friend
When people can be so cold?
They'll hurt you,
Yes, and desert you —
They'll take your soul
If you let them —
But, don't you let them.

— J.T.

"You've Got A Friend"

Jay, thanks for everything — for being yourself. For being my friend. You're the best.

★ See you at the Cotton Bowl!
Walt
